A Load Of Bull

No playing about this month, serious crap needs to be debated, last month I mentioned a little survey I was doing about breed entries, General Championship Shows against Breed Club Championship Shows. OK it was a small one containing three Breed Club shows and five General Canine, but it was clear there that the Breed Clubs were averaging thirty dogs a show more than the General Canine shows. I mentioned that we would see what June brought us, now with a further three General Canine and only one Breed Club Championship Show available to the fancy, making a total of four Breed Clubs and nine General Championship giving a total of thirteen sets of tickets available to the breed in the first six months of the season against a lesser number of ten for the remainder of the season.

It makes grim reading for the breed regards entries at the General Championship Shows. If the rest of the season follows the trend of first six months, it means that the Club Championship Shows are/will be pulling an average of 28 dogs more per show than the General Canine Societies (my figures are approximate and an average). In truth what this means is a lower average attendance of Bull Terriers at shows were CC's are available to the breed.

Will the K.C. look at the overall attendance of Bull Terriers at all shows when they consider their allocation of CC's and think does the attendance of dogs justify the allocated amount of CC's, or will they feel a drop in the number of cc's allocated should be considered, - mmm? Now I would have thought now is the time for all Clubs to give serious thought to this issue.

Perhaps now is the time for clubs to form a united front to approach the K.C. to attain a more reasonable CC allocation more in line with the status that the Breed Club holds for the breed at this moment in time.

Three Counties saw Bill Brown-Cole officiate over an entry of 39 and give the Male CC and Reserve CC to overseas bred dogs, reiterating my thoughts that there are many quality Bull Terriers out

there in the wider world that can compete on the UK scene.

I had a pleasant weekend the 12/13th June though I couldn't attend the Club shows that were on. I was lucky enough to meet some nice bullie folk, some old some new, I had a couple of enquires for the one pup I had, both were good homes and very worthy, but as is the norm two in to one don't go, so in a word I had to - or rather I took it on myself to find a pup for the person I couldn't help. After a short telephone call I located an eight week old pup, bred well from a good reputable kennel who gave a good/top class after sales care, the hospitality was great the people and breeders connected, result a good home for the pup and content happy breeders knowing the pup is going to be OK, - job done, it's nice when a plan comes together.

I noticed on the forum I think it was, that the judge for South Wales Championship Show is all-rounder Mr. Tom Johnston, he's doing Miniatures as well, full house there I think.

Talking to a mate of mine the other day who had brought a pup in, unfortunately the breeder had not put the requested name down so the incorrect name was put on the registration. No problem I said just a change of name form, ask the breeder to fill it in send it off, hey presto no problem change of name. Whoops needs to have his affix, another form another eight quid, so to get this pup registered and in the right name with the correct owner and affix, £65 - you doubt me ...

Initial registration - £12
Transfer of ownership - £15
Change of name - £30
Add affix - £8

You know I think its taking the p**s, as if it isn't costly enough now to own, breed and exhibit pedigree dogs, it's just another nail in the coffin? Why, well something has to give, that money could have been used entering at a Show, or even three Shows perhaps, just maybe the guy in question won't bother going when an all-rounder is judging, i.e. somebody who only wants that extra notch on their belt.

Have You Seen This Man?

He is highly dangerous - last seen wandering around a Bull Terrier show ring. Approach him at your own risk, you have been warned!

Am I knocking the all rounder, I suppose yeah, a good one is few and far between. I find an all-rounder tends to be a fault judge, goes for a good bite and OK or good movement but wouldn't know type if it bit the arse out of their trousers.

Perhaps I'm being a bit cynical or even bitter I don't know, it's just how I see it. There are some I would show under, though some I wouldn't, after all a first or a CC is the same on paper off any judge, but one from a specialist is as you can guess special.

I travelled to the North East Clubs' Championship Show Saturday the 19th, judge Bill Lambert was on duty doing the business end of the events. It's been a bit since I've been up to the North East Club for various reasons, but have to say that I was well at home up there, it was great to catch up with old friends again, have a bit of banter, enjoy the day, and yes I did. An entry of 66 making an entry of 71, not a bad entry at all considering the journey for most of us.

As far as I'm aware everything went well with a new Male Champion being made up, also a new recipient for the Bitch CC and

Bitch Reserve CC, Dog Reserve CC was his second I think.

The bar weren't on due to renovations, being a big tea drinker this didn't bother me, I just forgot how strong the tea - or tay as we call it in the Black Country - is up there, this forgetfulness on my part led to a fall on the way home resulting in a broken right elbow and some serious pain. I had to push the bones back in line and hold them there for an hour and half till I got back to the nearest hospital in Stoke, it was a good job my mate Neil was with me, he got me sorted, nice one son.

Blackpool saw Sarah Foster giving CC's for the first time, I read that Sarah presided over an entry of 51, an entry in line with today's going rate.

Now as I'm really struggling typing with one finger left handed, I'm off.

So as always, keep safe all, keep off the tay, enjoy life.

Show Winners - May 2010

We start on the first day of the month at the Coloured Bull Terrier Club, who held an Open Show for both Standard and Miniature Bull Terriers. Judging the dogs on this occasion were Chris Wright and Teresa Lang doing the smaller versions.

In the main part of the show a very good day for the Mathison family, as their young black brindle lady **Blazinbullys Miss Sinister** (Bullyview Entertainment At Lydsyll x Bullyview Lady Macdonna At Blazinbullys) is found Best Puppy, Best Bitch and Best Of Breed no less! Edged out into Reserve Best Bitch spot was Hill's **Arcanum Kontinental Blend** (Ch. Silver Bullet The Joker At Javarke x Arcanum Alchemilla).

As for the boys Best Dog went to a very consistent performer, Howes and Sheppard's red **Ragnarok Balder At Polanca** (Ch. Bilboen Prince Of Darkness x Bilboen Magical Body At Ragnarok), with both Reserve Best Dog and Best Puppy Dog going to Musgrove's **I Legend Lord Of The Viking** (Megaville Sardonicus x Megaville Sweet Temptation).

In the Miniature classes Best Dog and Best Of Breed went to Hearne and Singleton's **Warbonnet Galetia** (Ch. Seaquest Mr Bombastic x Warbonnet Blue Pistolet), and Reserve Best Dog and Best Puppy Dog to Dodwell's **Decadance Defender** (Margins Monsoon x Decadance Dixy Liberty Belle).

Both Best Bitch and Best Puppy went to Hearne and Singleton's **Abenaki Rock On By Warbonnet** (Warbonnet Galetia x Abenaki Devils Delight), while with Reserve Best Bitch, Austin's **Elizabethi Trooping The Colour** (Ch. Seaquest Mr Bombastic x Alva Victoria Multom In Parvo).

Both judges then decided between them that their outright Best In Show and Best Puppy for good measure, should go to **Blazinbullys Miss Sinister**, with Reserve Best In Show awarded to **Warbonnet Galetia**.

The Club's own Geham and Kearby Trophies were also contested on the day, for Best Coloured Dog and Bitch show at a Championship or Coloured Bull Terrier Club Show the previous year. Judging these Trophies was Duncan McAllister and he found his Geham Trophy winner in Brooks' tri-colour dog **Toatally Osbourne At Kellouacy** (Ch. Stockleyview Dark Destiny x Toatally Bubbleicious), and his Kearby Trophy winner in Martin and Hirst's bitch **Yungwood Sweet Enchantment At Santini** (Ounsdale

Buffalo Soldier x Yungwood Sweet Celebration).

One of the biggest shows of the year is the 'National', the Birmingham Championship Show – and it is here where we find Chuck Wannop carrying out his judging duties.

Once again quite some day for the Mathison's as their young lady **Blazinbullys Miss Sinister** (Bullyview Entertainment At Lydsyll x Bullyview Lady Macdonna At Blazinbullys) sweeps the board by picking up Best Puppy, a first Bitch CC and Best Of Breed, - clearly a young girl in form and heading in the right direction.

A first Dog CC went to another youngster destined for bigger things, Lamony's white boy **Emred Daredevil** (Ch. Conreniam Dark Magician x Devils Diva Of Emred).

Reserve CC's on the day went to Dobbins and Van Eck's tri-colour boy, **Ossydream Tristar Of Debully** (Ch. Nosrettap Celtic Star Of Kilacabar x Debully Little Mischievous At Ossydream) and Roff's white bitch **Bobuddy Enigma** (Ch. Lamellar Hinderton Lad x Miramax Misty Blue At Bobuddy).

Next on the agenda is the Bull Terrier Club hosting their Open

Show and Inter-Breed Club Bricktops Trophy. Rod Linacre was handed judging duties for the Open Show, with both Mark Phillips and Ann Lancaster judging the Bricktops.

Yet another sparkling display this month from Mathison's **Blazinbullys Miss Sinister** (Bullyview Entertainment At Lydsyll x Bullyview Lady Macdonna At Blazinbullys), as she once again takes Best Puppy, Best Bitch and Best In Show accolades. In a repeat of the result from the previous Championship Show, Lamony's **Emred Daredevil** (Ch. Conreniam Dark Magician x Devils Diva Of Emred) just misses out on the very top spot but still goes away with Best Opposite Sex and Reserve Best In Show.

Reserve Best Dog and Bitch places went to Allen's young black brindle dog **Zero To Hero** (Odakota's Black Hawk x Hillanvale Exotic Dancer) also incidentally Best Puppy Dog and Best Coloured Dog, - and Lambert's **Ebullient Ebony Girl** (Dark Thunder At Dazlin x Forest Flower At Ebullient).

Eight regional Clubs contested the Bricktops and after scoring the various classes the two judges found their winning team in the Bull Terrier Club Of Wales. Their team consisted of dogs **Rebelside John Wayne** and **True Bravado Of Briden**, - and

bitches **Keznel Hot Diamond** and **Karmara Cause A Catastrophe**.

The final outing for this month was up at the Scottish Kennel Club Championship Show, and in charge of proceedings this time around was Joanna Phillips.

A very long journey for the Best Of Breed winner, Ley's white bitch **Fortifer Fractious Female** (Terjos Lord Of The Ring x Engbull Becky Falls For Fortifer), but more than a worthwhile trip as the Bitch CC won on the day was her third – many congratulations to the Ley family. A dog already crowned added to his collection, as Mathison's **Ch. Chamos Whispered Secret At Blazinbullys** (Bullyview Entertainment At Lydsyll x Yungwood Dance With Me At Chamos) picked up a fourth Dog CC.

Going home with the Reserve CC's were Kilpatrick's dog **Rebelside John Wayne** (Northern Thunder At Kilacabar x Love Me Tomorrow Timar), and Hylands' girl **Terjos Abracadabra** (Ch. Emred Huntsman x Cwmdulais Shamrock of Terjos).

Another youngster moving up in the ranks was adjudged Best Puppy, namely Blair's dog **Megaville Visions** (Tulsadoom Abi Albon x Megaville She's The One).

As Seen By The Judges ...

Yorkshire Bull Terrier Club Championship Show March 7th, 2010 Judge: Mandy Young (Bullyview Bull Terriers)

I would like to thank the committee for a well run show as usual, the overall quality of dogs was very good and temperaments were excellent.

Puppy Dog (4 Entries, 2 Absent) 1. Blairs' **Megaville Visions.**

Best Puppy

S. Tulsadom Abi Albon
D. Megaville She's The One

Quality white dog, beautiful expression, correct ear placement, small eye, good width of muzzle, and lovely sweeping profile, good reach of neck, nice tight feet, lovely bend of stifle, moved well behind, handled and presented well, promising future.

2. Emerson's **Norsremme Shooting Red Chev.**

S. Ch. Silver Bullet The Joker At Javarke
D. Norsremme Kenmilquin Najing

Red dog, keen expression, good ear placement, correct mouth, needed more width of muzzle and lacked profile, good topline, nice tight feet, moved OK.

Junior Dog (5 Entries, 1 Absent)

1. Mathisons' **Chamos Whispered Secret At Blazinbulls.**

Dog CC & Best Of Breed

S. Bullyview Entertainment At Lydsyll
D. Yungwood Dance With Me At Chamos

Loved this dog the minute he walked in the ring, lovely expression and showed like a bomb, beautiful head with good fill and just the right amount of profile, ears bang on top, small dark eye, correct mouth, good reach of neck, level topline, and lovely straight front with tight feet. Good strong back end in which he used when he moved, movement good both ways, good bend of stifle, good bone and substance, presented with just the right amount of body weight today, it was a pleasure to award him the CC and B.O.B.

2. Littlefair's **Dikram Devils Deputy.**

S. Ch. Emred Huntsman
D. Dikram Devils Dream

Nice head, correct mouth, small eye, good ear placement, straight front, moved OK.

3. Dale's **Zuberi Masego.**

S. Aldamar Baccarat
D. Borsalino Lovin Da Mist

2. Robinson's **Tiapan Mister Bumble.**

S. Marshelsea How's About Harry
D. Tiapan Santee

White boy, didn't seem to want to show today, strong skull, good width of muzzle, needs more profile, correct mouth, good topline, straight front, slightly overweight.

3. Roper's **Ragnarok Frecki.**

S. Terjos Lord Of The Ring
D. Bilboen Lucifers Daughter At Ragnarok

Novice Dog (5 Entries, 2 Absent)

1. Blakeley's **Skyline Dazlin Defies.**

Dog Reserve CC

S. Ch. Dazlin Defiance
D. Ch. Skyline Sticks n' Stones

Beautiful red/white boy, nicely marked, lovely strong head with good width and just the right amount of profile, mouth OK, ears bang on top, lovely keen expression, good reach of neck, straight front, good topline, lovely strong quarters, moved very well behind, handled well.

2. Nichol's **Emred Marksman.**

S. Ch. Emred Huntsman
D. Ch. Emred Devils Essence

Really nice dog, carried too much weight which made him look stuffy in neck and made his head look small which it isn't. He has a nice head with adequate profile, correct mouth, level topline, good spring of rib, moved well both ways.

3. Vickers' **Duessa The Snork.**

S. Marshelsea How's About Harry
D. Duessa Moomin Troll

Post Grad. Dog (9 Entries, 0 Absent)

1. Howes & Sheppard's **Ragnarok Balder At Polanca.**

S. Ch. Bilboen Prince Of Darkness
D. Bilboen Magical Body At Ragnarok

Striking red/white boy, well marked, lovely strong head with good width of muzzle and lovely sweeping profile, good ear placement, good reach of neck, straight front, lovely tight feet, good spring of rib, lovely bone and substance, presented in lovely condition, his virtues outweighed his mouth fault.

2. Harper's **Credetta Baraka.**

S. Bobby Big Liks At Credetta
D. Credetta Cloudbreaker

White dog, nice head with adequate profile, mouth incorrect, good ear placement, lovely reach of neck, straight front, moved better behind than in front, I preferred the bone and substance of 1.

3. Morgans' **Marshelsea Trouble Coming At Romagna.**

S. Marshelsea Spot Of Bover
D. Marshelsea Sweetest Secret

Limit Dog (8 Entries, 3 Absent)

1. Kilpatrick's **Rebelside John Wayne**

(Taf).

1. Gavran's **Northern Buccaneer Of Kilacabar.**

S. Ch. Alecto Kool Barracuda Of Kilacabar
D. Bullyview Many Kisses

Quality dog with nice round bone and substance, keen expression, nice head small eye, mouth incorrect. Ears bang on top, good reach of neck, good shoulder placement, nice straight front, good top line, good strong back end, and once settled moved well both ways.

2. Welsby's **Sherrywells Red Dragon JW.**

S. Ch. Dancing Prince
D. Ch. Bullywood Babycham At Sherrywells

Smart red/white boy, lovely egg shape head, correct mouth, nice straight front, good spring of rib, moved OK in front, but close behind, showed well, but I would like more spark.

3. Marsden's **Tulsadom Get Em In At D'Bar.**

S. Tulsadom Isakabuli
D. Tulsadom Umbhumbluzo

Puppy Bitch (9 Entries, 1 Absent)

1. McGregor's **Merlindan Belisama.**

Best Puppy Bitch

S. Ch. Teirgwyn Son Of A Gun At Meilow
D. Iacacia Tallulah Of Merlindan

Pretty red bitch, with lovely head, just the right amount of profile and width for her age, good ear placement, lovely reach of neck, good topline, good spring of rib, straight front, but slightly weak on pasterns but only a baby and I'm sure will get better with age, showed very well, nice keen expression, moved well once settled.

2. Mathison's **Blazinbully's Miss Sinister.**

S. Bullyview Entertainment At Lydsyll
D. Bullyview Lady Macdonna At Blazinbulls

Quality bitch, lovely feminine head with sweeping profile, correct mouth, beautiful reach of neck leading into well laid shoulders, straight front, tight feet, only a baby and very promising puppy.

3. Woolliss' **Tiapan Skywriter.**

S. Ch. Emred Huntsman

2. Backhouse's **Ishaba Serenity**.S. Ch. Dazlin Defiance
D. Ishaba Geoff's Delight

Lovely head with fill and profile, good reach of neck, straight front, good topline, moved OK both ways, showed really well.

Crufts**Championship Show March 12th, 2010****Judge: Janet Furneaux**

I would like to thank Crufts committee for the invitation to judge at the world's greatest dog show, thanks to the exhibitors for the support you gave me by entering your lovely dogs under me, and special thanks to those who travelled from overseas with their dogs. Last but certainly not least, thanks to my two stewards for all their help, you helped make my job much easier and enjoyable.

Veteran Dog1. Smalley's **Briden Carbon Copy**.

9½ years boy in gleaming condition, not at all phased by the occasion, really lovely classical head, neat ears, good body lines and quarters, he really didn't look old enough to be in veteran class.

2. Malden's **Jaggers Wonder**.

This gentleman really does still enjoy his shows at 12½ years young, good front, nice rounded bone, still moved with drive.

Junior Dog1. Collier's **Charlie of Bashley Cope**.

Smart youngster, good head and strong neck, excellent rounded bone, liked his body lines and neat feet.

Post Graduate Dog1. Westwood's **Tulsadoom Abi Albon**.

Powerful white, lovely head and keen expression, superb bone and substance, deep chest, strong neck and powerful quarters. Not an easy dog to show but his owner got the best out of him and there is a lot to like about this boy.

2. Mellor's **Licorice Calhoun at Credetta**.

Totally different type than 1, smart upstanding coloured boy, head filled and turned, nice expression, gun barrel front, good quarters, handled well.

3. Moody's **Kersharella Thundercloud at Odyom**.

Smart typy white, good head and expression, good bodylines.

Limit Dog

Very strong class of some excellent dogs calling for some close decisions.

1. Dobbins & Van Eck's **Ossysdream**

Tristar of Debully.
Upstanding tri dog, super head, filled and turned, excellent earset, deep chest and topline, enough bone. Feet could be little bit tighter to complete the package.

2. Brooks' **Toatally Osbourne at Kellouacy**.

Very well made striking dog, excellent bone, particularly liked his topline,

moved with drive.

3. Hind & Membury's **Mitzstaff Diamond White**.

Smart typy white, built on classical lines, good head and set of ears, well balanced body lines, another who moved well.

Open Dog1. Probert's **Lamellar Love Me Do at Llanwenarth**.**Dog CC**

This dog certainly has the wow factor, upstanding powerful white with tremendous ring presence, beautiful head and profile with the most keenest expression, excellent earset, excellent front, deep chest, lovely rounded bone, strong quarters, his handler shows him to perfection.

2. Leesley's **Ch. Lydsyll The Untouchable**.**Dog Reserve CC**

Completely different type than 1, extremely typy, classy white dog and a worthy Champion, his young owner never stops showing, lovely clean classical head, good rounded bone, good body, extremely classy dog all through.

3. Roberts & Grieves' **Ch. Teirwgwyn Son Of A Gun at Meilow**.

Another very typy dog, lovely head and neat ears, good make and shape. Lacking a little of the sparkle that he usually has.

Before I go onto my report of the Bitches I must just say how extremely unfortunate and obviously upsetting that two of the males had an unpleasant falling out in the ring, thankfully neither of them was physically badly hurt but a number of times I asked the exhibitors, as did my steward, to pick up the pieces of dried tripe, sausages etc they were throwing around the ring to get their dogs attention etc. We really must watch this in the future or I feel we shall be restricted as to what can be used by exhibitors in the ring while showing their dogs.

On to a superb entry of bitches.

Veteran Bitch1. Morgans' **Ch. Romagna Memphis Belle**.

Very typy white in excellent condition, I was very surprised to see she was now a veteran. Lovely classical head, good ear set, she kept her topline on the move, credit to her owners.

2. Deutsch's **Ch/Int Ch. Trick Or Treat Ruby Tueday**.

Another very nice bitch, well put together, nice head and eye, neat ears, straight front and nice rounded bone.

3. Malden's **Louka Lady In Red**.

Upstanding terrier type bitch, nice clean head, deep chest, good topline, another who showed well.

Puppy Bitch1. O'Connell's **Elvroc Who Dares Wins at Koellen**.

Very feminine puppy with an excellent head, filled and nicely turned with neat ears, shapely body. Needs ring class training, I hope her keen owner will persevere with this.

2. Pope's **Oopza Daisy from Rokatoc**.

Very immature baby. In good condition. Not the head of 1 but she does have a good keen expression and good earset.

Junior Bitch1. Wojciechowski's **Secret Passion Ewimark Rakownia**.

Stunning coloured bitch, in gleaming condition, beautiful head with lovely fill, super ears, nice expression, good reach of neck and topline held on the move, moved with drive, handled beautifully for her young handler.

2. Membury & Hind's **Mitzstaff Aim To Please**.

She was pleasing with a very nice classical head, good make and shape, good rounded bone. Just not the showgirl of 1 but a good bitch.

3. Salt's **Daisel Dearest**.

Rather immature bitch who needs time and just wanted to play.

Post Graduate Bitch1. Blair's **Terjos Here I Am at Megaville**.

Very feminine bitch, full of class with really lovely head with lovely finish, good ears used well, nicely arched neck, good bodylines, moved and showed well.

2. Karta's **Karmara Cause A Catastrophe**.

Another lovely bitch, powerful head, packed right up with keen expression, mature bodylines, strong quarters which showed in her movement.

3. Dobbins & Van Eck's **Sugar Spun Sister for Debully**.

Upstanding and feminine bitch, lovely head, nicely arched neck, deep chest. Just a shade down on her pasterns but still a smart girl who never stopped showing.

Limit Bitch1. Leesley's **Bullyview Sheer Bliss at Lydsyll**.

Very attractive bitch who never stopped showing, put down to perfection by her enthusiastic young owner, lovely head and expression, deep chest, nicely rounded bone, neat feet, very smart package all round.

2. Hind & Membury's **Mitzstaff Ice Maiden**.

Nice bitch built on very clean, classical lines, good head enough fill. Not quite the profile of 1 but still an attractive girl.

3. Hills' **Arcanum Kaviar**.

Strong headed coloured girl, deep chest, good rounded bone, straight front, in gleaming condition.

Open Bitch

Another excellent class of bitches.

1. Cox's **Ch/Ir Ch. Coxgal Oiche Angel. Bitch CC & Best Of Breed**

Stunning tri bitch, perfectly balanced all through, powerful head, completely packed, filled and turned to perfection, ears right on top which she uses, beautiful swanlike neck, deep chest, short back, excellent topline, powerful quarters, and can she move, she covered the ground which she owned with ease, beautifully presented and never stopped showing, so in unison with her owner it really was a pleasure to be able to judge such a beautiful bitch who really fits the Standard

and is truly fit for function. Went onto be pulled out in the group of some stunning Terriers.

2. Stanley's **Ch. Eyona Star At Aricon Bitch Reserve CC**

Very classical, feminine white bitch, stunning expression, nicely arched neck, excellent front and neat feet. She was carrying a shade too much weight and her movement was very choppy, although her very experienced owner made the most of her virtues and did manage to get her to eventually walk well.

3. Van Kempen's **Ch. Sea Lavender**. Stunning coloured bitch, beautiful head, filled and completely turned to perfection, good bone and bodylines, handled and showed very well, in excellent condition.

Good Citizen Bitch

1. Davis' **Louka Oklahoma Gal**.

Mature bitch who was completely with one with her owner and certainly made the most of herself and enjoyed walking around the spacious ring and the appreciation from the crowd.

**Bull Terrier Club of Wales
Open Show
March 14th, 2010
Judge: Laura Wendler
(Shazam Kennels, USA)**

I would like to thank the Bull Terrier Club of Wales for inviting me to judge their Open Show. It was a great honor to judge the show and I appreciate the huge turnout and entry. A very big part of my heart is in Wales as one of my all time favorite bitches was from Wales. I purchased Gwladhaf Queen Bee from Mr & Mrs Roy Best in 1997 and Beatrice, as she was called, went on to quickly earn her American Championship and ROM. She produced two outstanding litters and several champions. While neither she or Roy are with us any longer, I like to think that they were there in spirit that day watching over the show and bringing us all that lovely sunshine.

I would also like to thank my exceptional ring-steward, Mrs H. Bloom, for keeping me on track with the different classes, she has a gift for keeping things running smoothly, and Mr Mike Wiltshire, for being so kind and helpful. I would be remiss if I did not thank my hosts and long time friends Kelvin and Marilyn Bishop. They opened their home and hearts to me many years ago and I am thankful to have two such fabulous friends. I thoroughly enjoyed my visit with them and I think everyone who attended will agree that the gathering at their home after the show was a great time.

Unfortunately, I had a little trouble with my Dictaphone, and am missing a few comments in my critique. I am sorry for this and will brush up on my recording skills so this doesn't happen again.

Puppy Dog

1. Strinati's **Canolbarths Jan's Jumbo**. Full packed up head, good ear placement, short back, good mover.

Slightly down on pasterns, mouth off.
2. Casey's **Keznel Running Thunder At Warradcassey**. Huge black brindle boy, nicely arched head with adequate fill, good bite, moved well. Front slightly turned out at the feet, would like a bit more neck.

Junior Dog

1. George's **Canolbarths Chacco Blue**.

Decent tri-colored dog, short backed and decent mover. A bit on the small side, high in the rear, would like more fill in head, mouth undershot.

2. Llewellyn's **Tysha Rolling Thunder**.

Happy boy with a good straight front although down on pasterns. Head lacked fill, reverse scissors bite, and was not strong on the move.

Post Graduate Dog

1. Potbury's **Red Warrior**.

Big red dog with a pleasant head and adequate fill. Ear placement and bite good. Adequate shoulder and length of back. Very slow on the move perhaps a bit less weight would improve movement.

Limit Dog

1. Carter's **Kilacabar Constantine Of Loquitur**.

Adequate headed dog with decent profile and fill. Keen eye and good front. Movement coming is better than going. A bit on the tall side.

2. Woodward's **Chartay Crowning Glory**.

Lovely brindle coloring with ears setting properly on top of the head. Pleasant arching profile. Canines are instanding and a smaller dog than the class winner.

Open Dog

1. Kilpatrick's **Rebelside John Wayne**.

Best Dog & Best In Show

Beautiful boy! Good mouth with a nicely arched profile and plenty of finish. Would like a bit more fill but

certainly adequate. Lovely neck ending in a nice topline. Keen eye and good on the move all ways around the ring. This one had the best overall balance on the day and was very well presented.

2. Smalley's **True Bravado Of Briden Reserve Best Dog & Reserve Best In Show**

Very lively boy! Smaller style dog than the winner but with a nicely packed and filled head completed by a good profile and wicked eye. Topline is good but his movement and severe mouth fault let him down on the day.

Special Colored Dog/Bitch

1. Griffith's **Hentarw Welsh Warrior**.

Big dog for his age. Huge impressive head with a good profile and lots of fill. Level bite and short back, moved well to and from. Would have liked a bit more neck and length of leg.

2. George's **Canolbarth's Chacco Blue**.

Lovely headed boy with good ear placement. A bit upright in shoulder and would have liked a better topline. Lacked the maturity of the class winner.

Veteran Dog/Bitch

1. Potbury's **Red Warrior**.

Best Veteran

This senior would have rather been home on the couch enjoying his favorite TV show. A nice rich deep red lad with a perfect bite. Slow on the move but got around the ring in decent form. Would have liked a bit less weight on him but he deserves his cookies at his age!

2. Maiden's **Louka Lady In Red Shcm**.

Beautiful and elegant older gal who seemed to enjoy her time in the ring today. Pretty neck into a short back. Still has nice tight feet. Mouth off and not the head of the class winner.

Puppy Bitch

Best class of the day. Eight gorgeous bitch puppies. Keep your eye out for

these gals!

1. Price's **Kenzel Hot Diamond**.

Best Puppy & Best Bitch

What a beauty this girl is! Exceptional profile with fill and finish. Perfect mouth, wicked expression, and good ear placement. Lovely length of neck and topline. Shoulder and front were correct and movement was good all ways around the ring. Well handled! Look for this one to do great things!
2. Roff's **Bobuddy D-Day**. Lovely head with a perfect mouth and small wicked eyes. Short backed and moved adequately. Upright in shoulder. Would like a bit more rise over the loins.

Junior Bitch

This is a class where my recorder didn't work properly.

1. Jones's **Kias Princess**.

2. Jerome's **Hardysview Miss Cerberus**.

Post Graduate Bitch

1. Toner's **Lamellar Penny Arcade**.

Lovely girl with a pleasant arching profile, plenty of fill and finish, and a nice eye. Short back and good tail set. Stands squarely though a bit overweight on the day. From the front her feet are slightly out.

2. King's **Bobuddy Pearly Queen At Bullbrazen**.

Another elegant bitch with a good profile, ear placement, and expression. Moved well although slightly long in back. Mouth off.

Limit Bitch

No critique due to recorder problems.

1. (No owner list in catalogue) **All Things Nice At Mostabull**.

2. Carter's **Bulldon Kool Magic Of Loquitur**.

Open Bitch

1. Probert's **Llanwenarths Baby Love**.

Reserve Best Bitch

Beautiful profile with good depth of

muzzle and a keen expression. Mouth is good. Longer in back than I would like and a bit high over the loins but decent on the move. Very upright in shoulder.

2. Atkins's **Warradcasey Let's Dance Of Hentarw.**

Decent profile and good expression but lacked fill and finish. Short backed with good tail set. Would have liked a bit more neck on this bitch. Coat in poor condition - coarse on the day.

South Eastern Counties Bull Terrier Club Championship Show March 21st, 2010 Judge: Elaine Clark

It was a great pleasure to judge the SEBTC Championship Show at Woodmansterne on 21 March and I'd like to thank the committee for their hospitality and the exhibitors and spectators for their support on the day.

Depth of quality in the bitches was excellent with several very worthy bitches having to leave empty handed, but whom, I am sure, will have their day. Movement in the bitches was, however, disappointing as were many feet with rather too many being rather long and flat. Of particular concern to me in both sexes, however, was the poor condition of the coat and teeth of perhaps as many as 25% of the exhibits along with. A change of diet may solve both problems for some but, for the sake of the dogs' comfort, I hope exhibitors pay more attention to this area as no amount of paste and chalk can disguise poor skin condition once you get up close and personal.

Special Beginners Dog (2 Entries, 2 Present)

1. D'Souza's **George Minstrel.**

Upstanding 9 months tri. Decent head with a correct mouth, a little overwhelmed by the occasion, he moved adequately both ways when he settled. Needs to mature all round but, once finished, should make an attractive, typy dog.

2. Potbury's **Red Warrior.**

8 years substantial dog with plenty of bone and substance, he was rather bored with the proceedings and refused to move for us! Not the strength of head of the winner, correct mouth.

Puppy Dog

1. Blair's **Megaville Visions.**

Dog CC & Best Puppy

Super 9 month white with brindle eye patch. Upstanding and mature youngster with a powerful masculine head, gently sweeping arc, width, depth and fill, mouth correct. Good neck with broad front and straight front but feet and pasterns still need to tighten and this was apparent on the move. Correct shoulder and topline, strong backend with good angulation, moving adequately behind. A lovely outgoing showman, very well presented and handled. Despite his youth, I was more than pleased to award him his first CC and am sure the next 2 won't be far behind.

2. Lamonby's **Emred Daredevil.**

Another eye-catching white, this lad is a smaller, more terrier type, very smart and on his toes. Good head having arc, width and fill, just one tooth adrift. Good neck, correct shoulder and topline with strong quarters, moving well behind; front just needs to tighten. To be critical, he was just a little gay in the tail and didn't have quite the maturity or power of the winner but definitely another one to watch out for.

3. D'Souza's **George Minstrel.**

Junior Dog (5 Entries, 4 Present)

1. Kocoba's **Badlesmere Berties Brother.**

Masculine black/br/w, not the most flatteringly marked dog, handled by a novice who was trying ever so hard - I'd like to see this lad trimmed, presented and handled to his best advantage. Strong head without exaggeration, gently sloping arc, wide, deep, plenty of fill and a correct mouth. Broad chest, straight front with a good shoulder and topline, moving well both ways. Took the class on his stronger head and masculinity.

2. Mathison's **Chamos Whispered Secret At Blazinbullys.**

A very close call, this lad was very well presented, handled and every inch the showman, making the very best of himself. One of the best movers of the day being true in both directions, excellent expression just not the width and fill of the winner.

3. D'Souza's **George Minstrel.**

Novice Dog (3 Entries, 3 Present)

1. Blakeley's **Skyline Defies Dazlin.** Dog Reserve CC & Best Coloured Dog

This smart as paint r/w caught my eye as he entered the ring. Strong, really masculine head with arc, width and fill plus correct mouth full of lovely big white teeth - something of a rarity on the day. Compact with plenty of

bone for size, good length of neck but just a little loose in the shoulder, front and would prefer tighter feet. Strong hindquarters, moving with extravagant, ground covering gait but, to be critical, rather wide both ways. Pleased to award him RCC and Best Coloured.

2. Symons' **Bediveres Ice Breaker.**

Upstanding brightly coloured tri with a pleasing masculine head, good arc, width, fill and correct mouth. Plenty of bone and substance, moving well both ways. His owner told me he was rescued from an abusive home and it was great to see him recovered and enjoying life.

3. D'Souza's **George Minstrel.**

Post Graduate Dog (5 Entries, 5 Present)

This was a tricky class with the top 3 dogs deserving mention.

1. Westwood's **Tulsadoom Abi Albon.**

Powerful, heavyweight white oozing masculinity. Maximum bone and substance, he has a lovely strong head without exaggeration, plenty of width, fill and a correct mouth, lovely expression. Little close behind and would prefer a shorter back, that said, he was not really making the best of himself despite his handler working hard to get him on his toes.

2. Gausden's **Bilboen Love n' Kisses.**

I really loved this lad. Deep, almost solid red, in super condition. Good, long head, filled and turned with a correct mouth. Another heavyweight, more upstanding, good round bone, correct shoulder and topline, his quarters were super with excellent second thigh but lacked drive when moving. Another rather lack-lustre showman, he seemed bored with the whole proceedings. Close call, lost out to winners greater masculinity.

3. Howes & Sheppard's **Ragnarok Balder At Polanca.**

Super smart red and white showman who must deserve a mention. Looking a picture in the line he's a quality dog

with lovely lines, good neck, shoulder and topline. Lovely head with correct arc, width and fill, his serious mouth fault sadly precluded him from higher placing.

Limit Dog (5 Entries, 2 Present)

1. Brooks' **Totally Osbourne At Kellouacy.**

Heavyweight tri, lots of presence and oozing masculinity. His head is strong, being well filled, broad and deep with correct mouth, the picture would be completed by a little more arc. Plenty of strong, round bone, good neck and straight front with lovely feet, a little long in the back. Strong quarters, he moved well both ways. Confident, outgoing showman in super condition and making the best of himself.

2. Kilpatrick's **Rebelside John Wayne.**

Smart white of a very different type, very well handled and making the best of his virtues. Pleasing head with more arc than winner but not the width and full, good eye and expression but picture rather spoiled by one soft ear. Good neck and shoulder, rather loose in front, short back and strong quarters but somewhat uncoordinated on the move.

Open Dog (6 Entries, 6 Present)

1. Probert's **Lamellar Love Me Do At Llanwenarth.**

Masculine white with real 'look at me' factor. A truly sweeping profile, any

more would perhaps be too much, a piercing expression, plenty of fill, mouth is wrong being a reverse scissor. Broad chest and straight front although feet somewhat long. Good length of neck but upright in shoulder and rather flat across the back. Moves reasonably well behind although a little loose in front. An eye-catching and attractive dog.

2. Morgans' **Marshelsea Trouble Coming At Romagna.**

Another quality white but of different type and not the masculinity of the winner. Head is strong with correct profile and sharp expression but lacking strength before the eyes. Good neck into correct shoulder and topline with strong hindquarters. He was disappointing on the move behind and that, combined with winners strength of head cost him the class.

3. Gavran's **Northern Buccaneer Of Kilacabar.**

Special Beginners Bitch (6 Entries, 5 Present)

1. Jerome's **Hardysview Miss Cerberus.**

Quality white puppy with a good head, super arc and fill, nicely constructed all through she needs to mature and clear her coat.

2. Potbury's **Ramland Miss Brite.**

Pretty red girl, very attractive with a long feminine head, correct mouth. Good neck and shoulder, a shade long she was a little lacklustre.

3. Atkins' **Warradcasey Let's Dance Of Hentarw.**

Puppy Bitch (10 Entries, 9 Present)

1. Mathison's **Blazinbulls Miss Sinister.**

Elegant and feminine b/br/w only 9 months and promising for the future. Good head with a gently sweeping profile, nicely filled, mouth correct. Lovely reach of neck into correct shoulders, perhaps a shade long, good bend of stifle she moved a little close in front but with drive behind. A very attractive and pleasing package, well presented and handled.

2. McGregor's **Merlindan Belisama.**

Extremely eye-catching r/w. Super head, strong arc with great depth, width and expression. Mature, upstanding and well balanced with good reach of neck but rather loose in front and her feet need to tighten. Correct topline though carries tail a little high, good bend of stifle but lacking muscle tone which cost her drive on the move. A quality bitch just needing more time.

3. Foster's **Bilboen Star At Night.**

Junior Bitch (5 Entries, 4 Present)

1. Woodward's **Gorbain Sallacious Suzie.**

Powerful white who I liked a lot. Very strong head with a gently sloping arc and terrific strength before the eyes, wide and deep. Upstanding girl with bone and substance to spare, good length of neck, straight front, correct shoulder and topline. Only 13 months but very mature and carrying just the right amount of bodyweight. Moved well in front but was disappointing behind.

2. Westwood's **Tulsadoom Mahuika.**

I have admired this bitch from ring side. Very pretty girl, another with plenty of bone and substance but not the condition of winner. Strong feminine head, with plenty of width, depth and fill, ears slightly wide set. A little upright in shoulder and flat across the topline, she moved well both ways. A very attractive little bitch.

3. Gates-Newbury's **Selta De Peracho At Ukusa.**

Novice Bitch (4 Entries, 3 Present)

1. Potbury's **Ramland Miss Brite.**

Pretty white. Feminine head with gently sweeping arc, plenty of width and fill, good expression. Elegant and tippy, she needs to mature and would like to see a bit more of a bloom on her.

3. Twyman's **Megaville Magic Star.**

Post Graduate Bitch (8 Entries, 6 Present)

1. Roff's **Bobuddy Enigma.**

Bitch CC & Best In Show
An absolute Glamour Girl and doesn't she know it. Elegant, classy white with 2 brindle ears she has a beautiful head and expression, glorious profile, good depth, plenty of width and fill. Long elegant neck into correct shoulder and topline, straight front with tight elbows, to be picky, feet could be tighter. More than adequate on the move in each direction she's a very classy package and most deserving of this, her first CC. Well presented and very well handled, I can't believe that a bitch of this quality will have any trouble finding the next 2 and wish her the very best of luck going forward.

2. Hill's **Arcanum Kontinental Blend. Best Coloured Bitch**

Strong, honest bitch, br/w, different in type from winner. Another good head, gently sweeping arc, broad and well filled, would like a smaller eye. Plenty of bone and substance with good neck and shoulder, straight front, a shade long, she moved extremely well behind, just coming in a bit close in front.

3. Tate & Wood's **Bediveres Frozen Ice.**

Limit Bitch (12 Entries, 9 Present)

1. Roelvink's **Rhydaman Front Page. Bitch Reserve CC**

Super smart showgirl with a real 'look at me' attitude, on her toes from start to finish. Compact terrier type, white brindle eye, lovely feminine head with super profile, width, fill and expression, just one tooth adrift. Lovely neck and shoulder, short back into strong quarters, tail carriage a little high and front could be tidier, moving adequately both ways. Beautifully presented and very well handled, she fought hard for top spot but just pipped to RCC today.

2. Phillips' **Llanwenarth Love No Measure Of Bullyon.**

Beautiful, elegant white, oozing quality. Presented in tip top condition she pushed VERY hard, losing out on maturity. Upstanding bitch with a lovely head, sweeping profile, width and fill, perfect mouth and lovely sparkling white teeth. She was good both ways on the move and simply needs to fill out and mature to complete the picture, another one to watch.

3. Karta's **Karmara Cause A Catastrophe.**

Open Bitch (8 Entries, 5 Present)

1. Ley's **Fortifers Fractious Female.**

Super heavyweight yet feminine white in tip top condition with a lovely harsh white coat, no powder and paint needed here. Lovely strong head, gently sweeping profile, bags of depth, width and fill. Strong round bone and plenty of substance, good neck, broad chest and straight front, a shade long but strong hind quarters, she was good in front but a little close behind. I greatly admired this girl but, she really needs to be on her toes as she was in the class but she progressively lacked animation in the challenge and this cost her in such good company.

2. Leesley's **Bullyview Sheer Bliss At Lydsyll.**

Feminine showgirl, well presented and extremely well handled. Feminine head and expression, well arched with good ear carriage but not the width and fill of the winner. Good neck and shoulder with broad chest, feet a little 'five to one', compact with strong hind quarters, moved well behind.

3. Whincup's **Lamellar Domino Effect.**

Another quality girl worth a mention, ultra elegant and eye-catching bitch, well presented and handled who looks an absolute picture viewed side on.

Mini Matters

Leeds Championship Show Miniature Bull Terriers July 27th, 2009 Judge: Graham A. Hughes

The overall quality was of a very high standard and it was a pleasure to judge.

Puppy Dog (1 Entry)

1. Harrison's **Jenkir Thor**.

B/br/w with well shaped head, good ear carriage and expression, correct mouth, good bone and substance for age. Very immature and will need time to fill out his frame and for his chest to develop to complete the picture. Moved with drive behind. Choppy in front.

Junior Dog (2 Entries, 1 Absent)

1. Monaghan, Dobbin & Van Eck's **Debully Enter Sandman**.

10 months r/w, well developed puppy with excellent make and shape, good spring of rib and depth of chest, fine lay of shoulder, underpinned by lovely straight front, excellent bend of stifle which he translates into his movement with drive and purpose, nicely shaped head with good depth. To be critical would like more width in muzzle and turn to complete the picture which may come as he matures.

Post Graduate Dog (0 Entries)

Limit Dog (4 Entries, 1 Absent)

1. Llewellyn's **Bullypins Kaimos Dog CC**

Male who teems with virtues and faults, yes he has an incorrect mouth, yes he is on the big side, but looked the picture of what he is, a Bull Terrier 'in miniature', white with ear and eye markings, super head which exudes power, well set ears and wicked expression, fully rounded with great depth and width to muzzle to give a classical finish, straight front, on his toes throughout with good lay of shoulder and well sprung ribs leading into well muscled quarters and bend of stifle. Bit of a handful on the move until he got his act together and decided to cooperate with his handler. Covered ground with purpose and drive. A bit close behind.

2. Peakin's **Byzantine Hurly Burly**.

Well made balanced white of square construction, good length of neck leading into good lay of shoulder with level topline, straight front with well sprung ribs and excellent quarters, in overall hard muscular conditioning, good head with just enough down face, correct mouth. Critically he has perhaps too kind an expression. With his construction I was not disappointed as he moved well in tune with his handler.

Open Dog (5 Entries)

1. Vickers' **Duessa Red Cloud**.

Dog Reserve CC

Red dog I have admired since first saw as a puppy, head that fits the Standard with great depth and width, correct mouth. Well placed ears, although with his laid back attitude he does not use to his advantage. Filled up under the eye with sufficient arc and finish to complete the picture, good length of neck straight front and depth of chest. A shade upright in shoulder which leads to him being a shade long in back, would like a bit more bend of stifle for although moved well lacks drive behind which went against him in the challenge, also his coat although of right texture lacked lustre.

2. Phillips' **Baiseys Blanc Du Blanc of Bullyon**.

Substantial white dog, very nice head with well placed ears, ideal eye placement giving excellent expression, nice rounded muzzle with depth and width, muscular neck with straight front, level topline and fully matured body, well muscled rear with good second thigh, well presented and moved well

3. Clark's **Grandopera Carbon Neutral**.

Puppy Bitch (5 Entries, 1 Absent)

1. Shaw's **Badlesmere Bitovalrite**.

Best Puppy

B/br/w, in my notes I wrote 'proper mini', very good head with width and depth of muzzle, correct mouth, dark eye with devil may care expression, well developed body with clean lines. Not the best of shoulders and front but this hopefully will improve with age. When she decided to participate moved well.

2. Whittaker's **Wengormick Petite Lady**.

Substantial white bitch with long elegant head, correct mouth, good ears and expression, well constructed with good front. Little slab sided which hopefully will round with maturity, not the finished product and would like to see her when she is fully matured. Moved well with purpose.

3. Llewellyn's **Merkava Kleopatra by Bullypins**.

Junior Bitch (3 Entries, 1 Absent)

Two very good bitches that highlight the variety within the breed.

1. Ensell's **Erendon Waltzing Matilda at Minimayhem**.

Very feminine white with lovely flowing lines, head long and filled, nice length of neck with good lay of shoulder and

level topline. Bit two dimensional and needs to mature and spring her ribs. Of nice size, moved well. Overall would have liked a bit more drive.

2. Chapman's **Grandopera Global Warming at Delektabul**.

R/w bitch, compared with 1 a heavyweight mature bitch who is bodily very well put together, very good head, nicely filled and turned, strong neck with good lay of shoulder and level topline, deep chest with well tucked in elbows. Did at times turn one of her feet out, moved well.

Post Graduate Bitch (1 Entry)

1. Hopkins & Taylor's **Margins Move Over Darlin at Manduessedum**.

Tall br/w, excellent bone and substance, lovely expression with well filled and turned head, correct mouth, stands foursquare with deep chest and spring of rib, moved well, alone in the class but a quality bitch who has much to offer.

Limit Bitch (5 Entries)

1. Wiles' **Adderswood Vyvan for Arcazy**.

Bitch CC & Best Of Breed

B/br/w, excellent bitch whose overall make, feminine but not overdone in any way, clean well filled head with excellent ear and eye placement, straight front with well tucked in elbows, level topline, good spring of rib, well developed second thigh and angulated stifles, moved extremely well with drive and purpose, well handled, shape and balance won her CC and BOB.

2. Hemstock's **Adderswood Catt of Jolihem**.

Litter sister to 1, two peas in a pod, of equal quality but completely indifferent to showing despite all her handler's encouragement, if she had the show presence of her sister it would have been an extremely difficult decision and the results could have been reversed.

3. Foster's **Badlesmere Buzzin About**.

Open Bitch (6 Entries, 2 Absent)

1. McGregor's **Bullypins Millima of Merlindan**.

Bitch Reserve CC

B/br/w bitch, bigger than I would like. Very pleasing to the eye, long filled shapely head with good eye and ear placement, full rounded muzzle, shapely neck with good lay of shoulder and level topline, well developed rear which gives drive to her away movement. Elbows are not tucked under her which leads to her pinning in when moving towards which went against her in the challenge.

2. Phillips' **Bullyon Maiden Measure**.

Classy substantial white bitch, very good body, clean lines with nice front and deep chest, pleasing head with excellent expression. Regrettably her movement is not her fortune.

3. Cartwright's **Black Mountains Bow**.

C.E.T.S. 2010

Oky Doky Incredible Tornado
Open Show - Best In Show

Yoeckydoo's Gamin
Runner-Up White Dog

Untitled Big Massive Black Minotaure
Runner-Up Coloured Dog

Easter weekend 3rd and 4th of April 2010, the Belgian Bull Terrier Club organized the 34th edition of the Continental European Trophy Show.

They had a new location, hotel Nazareth, near the E17 between Gent and Kortrijk. A good looking hotel but not for such a show. The benching was far from the show ring and this show ring was very small. So they had to split up the classes. This show is for the Miniature Bull Terrier and the Bull Terrier. But this show report is only about the standard Bull Terrier.

The judges they invited for this event were Mrs J. Philips (Bullyon Kennel GB) and Dr F. Berez (Action Kennel USA). For the Open Show on Saturday there were 121 entries and for the C.E.T.S. on Sunday there were 44 invited Bull Terriers.

I only visited the C.E.T.S. on the Sunday. I can tell you that the Best In Show at the Open Show was Krouwel's red male **Oky Doky Incredible Tornado** (Oky Doky Dee Jay x Activior Black Ice) from Holland.

On the Sunday the first class was White Males. A class with 8 entries and the winner of this class and winner of the Ch. Harpers Howda Memorial Trophy was Sergio's **Sonnysnow de Garnata Alvejud** (Ch. Stockleyview Dark Destiny x Jolie-Cico de Garnata Alvejud) from Spain who also was winner of the International Trophy in February in England at the Trophy Show. Runner-up was Knockaert's **Yoeckydoo's Gamin** (Ch. Alecto Kool Barracuda of Kilacabar x Ch. Laureola's Up To You) from Belgium.

The class Coloured Males had 13 entries. The winner of this class gets the Ch. Kingfarm's Bonny Boy Memorial Trophy and that was Lászlo's black brindle **Ch. Moonflower Blackberry Brandy** (Ch. Nosrettap Celtic Star of Kilacabar x Ch. Cosmopolitan It Isn't Magic) from Hungary. Runner-up was Pina and Romero's black brindle **Untitled Big Massive Black Minotaure** (Ch. Super Bowl's Arthur x Untitled Vespertine) from France.

The two winners of these classes came back in the ring for the Lenster Trophy (for Best Male) and this was a win for **Sonnysnow de Garnata Alvejud**.

And then 8 White Bitches came in the ring for the Souperlative Trophy. This Trophy went to Atilla's **Love Me Tomorrow Timar** (Ch. Nosrettap Celtic Star of Kilacabar x Hoza Hanka Timar) from Poland. Runner-up was Slesarovi's **Ch. Cherry Brava Asmoddeus** (Knight of Katalonia Timar x Ch. Costa Brava Asmoddeus) from Slovakia.

The biggest class of the day was the Coloured Bitches with 15 entries. The winner of this class gets the Bramblemere Trophy. And winner of this class was de Bock's black brindle **Super Bowl's Holysmoke** (Shadowmaster to Bullorties x Super Bowl's Fenomenon) from Belgium. Runner-up was Altisent and Guinea's black brindle **Ch. Ashes at Bullcelona** (Ch. Conreniam King of Thieves x Cansera BB del Cornijal) from Spain.

Again we saw the two winning bitches back in the ring for the Ch. Phidgity Snowdream Trophy (for Best Bitch). The winner was **Love Me Tomorrow Timar**.

In every class the judges nominated a few dogs for the Bercrows Trophy (Best Mover). The winner of this Trophy was **Sonnysnow de Garnata Alvejud** and runner-up was **Yoeckydoo's Gamin**, - the same result as we saw in the class White Dogs.

For the most important Trophy of the day the C.E.T.S. Trophy for Best Bull Terrier on the Continent we saw back in the ring the Best Dog and Bitch winners **Sonnysnow de Garnata Alvejud** and **Love Me Tomorrow Timar**. Best Bull Terrier on the continent was the dog **Sonnysnow de Garnata Alvejud** from Spain.

Congratulations to all the winners.

European Stud Dog Scene

The German Bull Terrier breeders held the top spot of the breed throughout Europe for several decades. When a child was killed in Hamburg in 2000, and a few months later, breeding bans and import bans were put into place, that 'title' collapsed. During this time, such countries as CZ Republic and Poland started accelerating their breeding programs, importing several dogs from the U.K. The Netherlands, though active in the BT scene for many decades, with such famous kennels as Polytelis, really took off as well. Even France, which never had a Bull Terrier Club, went into overdrive and there is now talk of a 2nd Club forming, and a summer specialty show is held with entries between 100 and 200 Bull Terriers.

I will mention some of the top kennels during this time, many known more for their bitch line, but several well-known for producing top stud dogs. And that is what this article will be covering.

Germany

We will start from the top, beginning with Germany. The top kennels during the 1990's was 'von der Alten Veste', 'the Joker', 'Imperator', 'vom Telgei' and 'vom Kaiserstuhl'.

von der Alten Veste

The German breeder Georg Scherzer (von der Alten Veste) was well-known throughout all of Europe for having the top stud dogs over a 2 decade period. Some of his top producers: Ch. Brubaker von der Alten Veste (a son of Polytelis Silver Convention and a Brobar Backchat daughter), his son Ch. Merlin von der Alten Veste, (sire of Einstein the Joker), Norman von der Alten Veste (an Einstein son). Merlin and his grandson Norman, resided with Mr. Scherzer and breeders from all of Europe made the journey to use them. Georg also took the dam of Merlin, the phenomenal Yvonne Royal, to the Swiss dog Haus Puzzles Choice (Ghabar lines) and produced World Ch & Multi-Ch. Union Jack von der Alten Veste, who himself has sired many Champions, including as Nobody

von der Alten Veste, McCoy's Highjacker, and Polytelis Red Pollux. Nobody was exported to Scandinavia where he became a prolific producer, Red Pollux also following in those footsteps, in the Netherlands.

Imperator

Imperator Bull Terriers, Heike and Klaus Brzezinski and Claus Kuepper, were one of the top kennels starting in 1974 but got locked down in 2000 as they are located in a part of Germany with one of the worst dog laws. In the 1970's and 80's, they imported several dogs from the Curraneye kennel, among those imports were World Ch. Hardlad of Curraneye, European Ch. Curraneye Summer Holiday at Imperator (a daughter of Jackadandy) and Ch. Curraneye Nowangus (a son of Recoco Ringleader of Ormandy). The last one, 'Angus' became a successful stud dog producing many Champions around Europe. They took Summer Holiday to the great Jobrulu Anthyllis, who was in Germany and that produced World Ch. Honeymoon Imperator. The took another Curraneye imported bitch to Anthyllis and produced Multi-Ch. Jennifer Adams Imperator. Coming up to the more present times, relating to the years for this article, the Brzezinski's produced Ch. Vitus Imperator (a son from Chikora Kiowa Goldisis) who became a very prolific stud dog, along with another Imperator produced boy, Ch. Quincy Imperator, a son of Polytelis Silver Convention, and Zodiac Imperator, a son of Ch. Brubaker von der Alten Veste.

the Joker

The breeders from the Joker Bull Terriers were lucky in their first litter, the mating of a double Silver Convention grand-daughter to the top male Vitus Imperator, producing 3 top bitches, Amrai, Ambra and Aika the Joker. Amrai and Ambra became multi-champions, Aika, was a massive bitch with a rather plain profile but she would work her magic in the whelping box later. Ambra started the bitch line that is continued today and Aika, when mated to Ch. Merlin von der Alten

Veste produced 3 puppies, two of which left their mark on the stud dog world. World Ch & Multi-Ch. Einstein the Joker and his sister, Int-Ch. Elsa the Joker. Einstein produced 33 litters around the world, but 5 of his sons stood out among the rest ... Ch. Norman von der Alten Veste, Int Ch. Special Edition of Serious Desire (from the NL and who will be discussed later) and the champion brothers: Rocky Top's Sundance Kid, Rocky Top's Jesse James and Rocky Top's Doc Holliday (from the USA). Elsa when mated to Kilacabar Stand and Deliver (via frozen) produced the top stud dog in the USA, Ch. Pretty Boy Floyd the Joker. Further stud dogs were Csg. Rodeo Rider the Joker, (a double Einstein grandson who had 35 litters producing nearly as many champions), from Rocky Top's Sundance Kid came UK Ch. Silver Bullet the Joker at Javarke. Other young stud dogs, all line-bred back to Einstein, that are now in use are Ch. Wyatt Earp the Joker and Ch. X-Patriot the Joker.

vom Telgei

The kennel 'vom Telgei' is the oldest Bull Terrier kennel, started by Herbert Pincus in 1963. About 10 years ago, Herbert finally semi-retired and took on a young partner, Mirko Fischer. Though they live in a state where breeding is forbidden, Mr. Fischer got permission to import a young bitch and hopes in the next year the law will change and they can put new life into their kennel. The first stud dog produced was Aladin vom Telgei, a son of Langville Mr. Marley. Coming up to date, Herbert produced some top bitches, but in 1993, came CETS Winner Ritchie vom Telgei, a son of Merlin von der Alten Veste. Then using Merlin to another bitch, produced Ch. Urian vom Telgei and right before the breeding ban hit, the young son of Ch. Norman von der Alten Veste came about, Ch. Wombat vom Telgei. The young bitch they got permission to import is called Annie vom Telgei the Joker, a granddaughter of Rocky Top's Sundance Kid. They are hoping next year to enter the breed ring again.

von Kaiserstuhl

Hans and Anne Marie Schmidt, 'von Kaiserstuhl' kennels, began breeding Standards Bull Terriers and Staffordshire Bull Terriers in 1985. In 1992, his Staffie breeding was halted by a breed ban in the state of Bavaria, so he concentrated on the Standards and ventured into Miniatures, where he is probably the top miniature breeder in Europe. Coming to the dates for this article, the great World Ch & Multi-Ch. Kearby's Jonah at Aricon came to Germany and lived with the Schmidts. Unfortunately his mark on the breed was short lived, due to an unfortunate accident. Other top stud dogs, residing with the Schmidts, Ch Stormbringer's Loverboy, Ch. Marc vom Kaiserstuhl and currently, Ch. Urban Chaos the Joker (a son from Ch. Kiladagh Northern Cross at Dazlin).

Netherlands

In the Netherlands, there are several older kennels still operating today; 'of Serious Desire', 'Chakoriki', 'Kingsfarm', and a whole slew of new ones starting in the last 10-15 years and becoming quite successful, such as, 'of Never a Dull Moment', 'Ultimate Joys', 'Grisse Basse', 'Off Daikini', 'Off Oxion', 'Of Pretty Pinks' and 'of Shining Star Bam Bam'.

of Serious Desire

The kennel 'of Serious Desire' was started by Ad de Wolf-Vissenberg over 20 years ago. In 1995 she used Scarlet Daisy of Serious Desire to Skylark's Noble Kaiser and produced Int Ch. Quicksilver Jodi of Serious Desire. Then several years later, she took 'Jodi' to Einstein the Joker and produced Int Ch. Missing Funday of Serious Desire. The next year they did a repeat mating and from two puppies born, one remained ... he became Int Ch. Special Edition of Serious Desire. 'Rudy' as he was called, went on to win the NL Stud Dog Trophy 4 years in a row!

Ultimate Joy's

Another leading kennel, in the stud dog scene, is Corne and Amanda Maton's 'Ultimate Joy's

Years 1994 - 2009

Bull Terriers starting in 1998. In the last 10 years, they have come onto the show and breed scene like a storm. They started with their first male, a good producer named Multi-Ch. Ultimate Joy's Unkown Fantasy (a son of Super Bowl's Bon Jovi). Their goldmine started when they bought a young bitch, Waltzing Mathilda's Yarrowonga at Ultimate Joys, who became not only a Multi-Ch. but is producing some of the nicest dogs and bitches today, such as: Multi-Ch. Ultimate Joy's Cool Casanova, himself becoming a top producer around Europe and Multi-Ch. Ultimate Joy's Renegade Rufus. Another top stud dog in their kennel at the moment is Terjos Devil in Disguise (from Ch. Javarke Jack Flash x Ch. Terjos Touch of Gold).

off Oxion

Young breeders Anneke and Brian of the 'off Oxion' kennel, has not been around long, but produced Captain Chaos off Oxion and Black Sheep off Oxion ... but they are well-known for importing the Belgium male, Int Ch. Super Bowl's Collierboy, who has consistently produced nice pups across Europe.

of Never A Dull Moment

Breeders Andre and Diana Verjehden, 'of Never a Dull Moment' kennel, began their dream of breeding Bull Terriers in 1992. They started with stock from the kennel 'of Serious Desire' to lay the foundation for their line. Andrews Beauty of Serious Desire was then bred to King of Serious Desire which produced their first stud dog, Int Ch. King's Son of Never a Dull Moment. They got another bitch from Ad de Wolf-Vissenberg, Ch. Don't Be Silly of Serious Desire, quite successful in the show ring and when bred to Ch. Special Edition of Serious Desire. From this mating, they kept a lovely brindle bitch, Ch. Angelface of Never a Dull Moment. Also a success in the show ring, she was bred to Int Ch. X-Cooper von der Alten Veste, the German import from Denmark and she produced two nice boys, Enter Sandman of Never a Dull Moment and Soulman of Never a Dull Moment. They took 'Silly' to Ultimate Joys Something Special (a son of Special Edition of

Serious Desire) and that produced Comic Man of Never a Dull Moment and Ice Man of Never a Dull Moment.

Grisse Basse

A top producing stud dog kennel, 'Grisse Basse', was started by Bridgette Bronsdijk back in 1991. Bridgette used a lot of the Quest line (which started with Ghabar) to build her kennel. She bought Quest Thunderstruck from the Norwegian Quest kennels, who was a son of Ch. Nobody von der Alten Veste. Thunderstruck was a prolific stud and show dog in his time. She used Thunderstruck to one of her first bitches, Grisse Basse Anxious to Meet to produce the great dog Ch. Grisse Basse Charming White Devil. He not only finished titles in Europe, he also added BOB at the 2002 Crufts to that list. For a short time, she imported Kalsar Sweet William who was used by several breeders in Europe before going back home to the U.K. Before leaving he produced a French-bred dog, now living with Bridgette named Ch. Trick or Treat Armageddon. Another one of her boys, sired by Thunderstruck, was Ch. Grisse Basse Hanky Panky, seldom used but with success.

France

The country of France really exploded after the German breed bans came into effect. One of those breeders who stand out are 'Trick or Treat', 'Nominoes', 'Untitled' and 'Thud and Cuddles'.

Trick or Treat

It is Julie Deutsch's Trick or Treat bullies that seemed to have paved the way for the rest. She imported a bitch from Brian and Andy Hill, Ch. Arcanum Silver Lacing and bred her to Einstein the Joker. This pairing resulted in producing Int Ch. Trick or Treat Northern Boy and Int Ch. Trick or Treat Nevermore and Trick or Treat Nuvolare. Next, she paired Nevermore to Grisse Basse Charming White Devil and produced several top winning dogs, including Ch. Trick or Treat Riddle Me This and Trick or Treat Rocky Ragoon.

Norway

In Norway, there is just one name that comes to mind, Quest Kennels.

Quest

Founded on the Ghabar lines, the owner Espen Thygesen has consistently produced top males and bitches since beginning in the mid-1980's. He began by importing 3 bitches from Ghabar the Admiral ... which was not a bad start. One of his more famous stud dogs, Ch. Quest Giancana came from the paring of Ghabar Treasure to Aricon Sly Eyes. He visited the von der Alten Veste kennels and stood at stud there and then moved on to the USA, thereby having the chance to produce pups on both sides of the pond.

Belgium

The last country to talk about is Belgium. There are a few well-known kennels that are also producing some nice stud dogs. 'Super Bowl's from Irene Collier and 'Yoeckydooes' from Heike Knockart and 'Waltzing Mathildas' from Jos Gossens.

Super Bowl's

Irene Collier started her breeding program with the Belgium kennel Waltzing Mathilda's line and started with a bitch called Super Bowl's Zoe. When she was paired with Yoeckydooe's Yes It's Me, she produced the top boys, Ch. Super Bowl's Arthur and Ch. Super Bowl's Amadeo. She has now imported two males from the U.K., Activior Electra Glide and Shadow Masters to Bullorities, which are now on their way to becoming nice producers. Some other stud dogs she has produced are Super Bowl's Beau, S.B. Chalk River, S.B. Collierboy, S.B. Blitzkrieg and S.B. Bon Jovi.

Yoeckydooe's

Heike Knockert of the kennel Yoeckydooe's, started in 1992, buying her first foundation bitch from the Emperor Kennel. Eileen Emperor, a granddaughter of Brubaker von der Alten Veste. Her most notable boys are Int Ch. Yoeckydooe's Abrakadabra (and Einstein son), Int Ch. Yoeckydooe's

Yes It's Me, Yoeckydooe's Gamin (a Kool Barracuda son), Yoeckydooe's Headbanger (from Super Bowl's Collierboy). Gamin and Headbanger are her current young stock now being used by many breeders.

Waltzing Mathildas

Lastly, there is the 'Waltzing Mathildas' kennel started by Jos Gossens in 1981. He acquired a bitch from the Kilacabar kennel and two males, Ch. Kilacabar Kwire Boy and Ch. Gentle Lawman of Kilacabar. Lawman became quite well-known for producing excellent progeny.

Others

After the collapse of the German breeding scene, other countries also coming into the forefront were Poland and the CZ Republic. To prevent this article from becoming a book, I will mention a few of the top kennels at the moment, mostly for their insight into importing dogs from the UK. In Poland, the well-known 'Timar' kennel, started many years ago but was later sold to it's current owner, 'Buteo', 'Ja-Mar', 'Bull Position' and 'Gotrek'. In the CZ Republic, the well-known 'Pajar' kennel, and a handful of up and coming kennels started in the last few years.

The U.K. imports that descended upon Europe, as early as the 1960's into Germany, gave Bull Terrier breeders the needed push back then to advance their own breeding programs. That will always be the rule, I think, even today.

Cathie Dettmar.

'Gunner'

Making An Impact!

Around this time last year I was present at the home in the North East of England of a couple of well known Bull Terrier breeders, - witnessing the mating of their dog with a bitch belonging to a friend of mine - one of the resulting puppies incidentally appears further in the adverts section of the magazine. The breeders in question were Joy and Lee Pilkington and the dog was none other than 'Gunner' ...

... Ch. Silver Bullet The Joker At Javarke.

This was the first time I had seen the dog in the flesh and though I didn't say anything at the time, I distinctly recall thinking to myself - 'I'm going to write about that dog one day'. Coincidentally on the short journey home, the lovely Mr Croft who I had accompanied said I should think about writing an article about Gunner, - conclusive proof that the greatest of the great minds do indeed think alike!

As we all know in the meantime Gunner has very tragically lost his life, and with this being the special Centenary Issue of the magazine I felt it was a very appropriate time to finally get around to featuring the dog as I had planned all those months ago.

When we in the UK think of Bull Terriers making a move to different lands, it is those going from our shores to somewhere else, - Europe, the U.S.A, South Africa and so on to the far flung corners of Australia and New Zealand, - because that is what usually happens in almost all cases. Yet here we have a very unusual case where a dog has been brought in to the UK, an import as opposed to the much more common exports. There are of course those who come in on a temporary basis, a short stay before heading home, - but not in this case, this was a European dog being brought over to England to stay with his new owners permanently, as I say an unusual occurrence ...

As such the nature of the move grabbed the attention, well it certainly did with me and I have to admit it got me thinking. My initial thoughts were that this was

an extremely bold move by the Javarke team, a big gamble and commitment in many ways to bring a young dog from Rudi and Cathie Dettmar's Joker Bull Terrier kennel in Germany to a country not exactly lacking in top rate dogs at the time. In other words I felt that in order for the move to be deemed worthwhile the dog had to be good, well no he didn't need to be good he needed to be exceptionally good, - he had to be a winner in the show ring against some very stiff competition and he had to show people of the breed that he had the qualities required as a stud force, otherwise why go to all the trouble to get him here ... so no pressure there then!

History has taught us that there was no cause for concern and that Gunner could more than hold his own in the Great British show rings to the tune of a UK Champion title, doing justice to his illustrious pedigree and generally adding greatly to the breed, - and ultimately fully justifying the decision to bring him to the UK.

For me however while his show record no doubt proves what a quality dog Gunner was, it has arguably been eclipsed by his outstanding success rate as a stud dog. Again going back to my initial thoughts when he first arrived, I wasn't totally sure how he was going to be received as a stud dog alone irrespective of how well his show career went. The reason I thought that was because from a pedigree point

- as good as it is with the likes of Einstein The Joker and Rocky Top's Sundance Kid featuring heavily - it was essentially still very different in comparison to almost all lines in the UK, if not all ... at least for a good few generations until we bump into more familiar British dogs of the past.

Now on one hand this could have been ideal for a number of breeders looking to get some totally fresh new blood into their

to contribute even more, he's a very big loss.

He has proved beyond any doubt over a fairly short time that he has been quite some stud dog and no surprise to me at all to find him the latest winner of the Monkerly Stud Dog Trophy - a very appropriate winner under the circumstances and thoroughly deserved. Maybe his outstanding stud record tells us that we don't necessarily need to fear 'out-crossing', and that a lot can be

gained from such pairings at times?

Sadly no happy ending as Gunner was taken at an early age, much younger than most dogs, - but nonetheless in his time he has arguably been responsible for making as big an impact on the breed in the UK as any

breeding plans, - however, many breeders are often very reluctant to venture out of their own preferred gene pool to outcross - the more of an outcross the less likely they will go there, thinking the resulting litter will be harder to predict - and Gunner did undoubtedly represent an outcross to varying degrees.

Those who did decide to branch out and incorporate him and his immediate family into their own lines were clearly well rewarded, quite spectacularly in the case of the two Ormandy Dog Jug Winners - Ch. Teirwgwyn Son Of A Gun At Meilow and Ch. Conreniam Dark Magician - but they are by no means a minority with many other top Bull Terriers being sired by him. Considering virtually every single litter stemming from him had a clash of diverse pedigrees, it is quite remarkable that he continually and consistently produced such a high standard of puppy. A dog like that really is a big asset to a breed and it's such a shame he wasn't around longer

other, adding a new dimension to it if you like. Because of him we now have a fabulous new bloodline to tap into, consisting of some of the top (very top) European and American animals of recent years successfully mixed in with our own - and as we've seen the emerging dogs are at times absolutely outstanding and producing top puppies themselves.

I don't know what Joy and Lee's hopes were for Gunner when they made the decision to bring him to their own kennel, but there's no doubt at all when they did it they done the breed in general here a huge favour - and history will prove that - as indeed it will also prove that Ch. Silver Bullet The Joker At Javarke is right up there with the most important of the modern day stud dogs, he will be looked back upon as a hugely significant figure in the development of the breed in the UK.

A Blast From The Past

Who is the lady, who are her dogs?

I received the photograph above a while back along with details of those in it, and I immediately felt this was the photograph that had to be the one featured in Issue 100. While it may look like any other photograph from many decades ago, it does in fact have a major significance in relation to the breed as we know it today. Believe me this is a very worthwhile photograph for a 'special issue'.

As far as clues go I really don't want to say too much in case I give it away, I'm after the name of the lady in the picture and one of her dogs in particular (unless of course you'd like to name all of them) and they are not exactly unknowns. So I'll keep it fairly simple – nothing cryptic or needing to read between the lines or anything – I'll just say that if you follow your own dogs pedigree back far enough, it is quite likely that at some point you will find that he or she is a

descendant of one of the dogs in this photograph. He and his owners have a huge influence on the breed.

As for the photograph to the right from Issue 98 – the scene from Crufts in 1962 – exhibitors names suggested are Quita Youatt, Edie Micklethwaite and possibly Albert Harwood and Dot Vick, with Eva Weatherill sitting ringside. Mrs Youatt and Mrs Micklethwaite seem pretty definite, but please keep the suggestions coming; someone may spot a face that no one else has?

The mystery show critique from the same issue is coincidentally also that of Crufts, the year being 1979/80. Gold Star to June Ottewell for the information, and if anyone should know she should given that her very own young lady Yungwood Columbine was taking part on the day!

'Brothers'

Brothers - A tale of Bull Terrier sibling rivalry.

Written by
Michael Mazo

Illustrated by
Michael Soloviov

Dear Bull Terrier Fans, I cannot honestly say that I remember when or how I became a Bull Terrier. I think it is just something that happens to you.

We got our first Bull Terrier when I was very young. She lives on today mostly for her heroism in refusing to run away. Some sort of glitch in her DNA, as it turned out.

Our second Bull Terrier came into our family when I was twelve. From the first time she threw her dignified glance our way we recognized she was royalty. And so she was named Cleo.

Cleo was loyal, energetic, hungry, curious. And, sadly, deaf. Or so she would have had us believe. To this day I am convinced that we plebs were merely unworthy of her attention. Too often her eyes betrayed the truth: "Me? Sit? You must be joking."

Cleo also saw herself as belonging to the great tradition of explorers from Magellan to Lewis and Clark: After each meal, she would jump onto a short table near the couch on which stood the only plant in the house. Round and round this plant we went. But slowly, gracefully, our nose on the lookout for danger, taking notes for posterity. Twenty minutes or so later, our appetite having swelled once more, the trance would be broken and the voyage would conclude.

I do not know the origins of our third Bull Terrier. He's always just kind of been there. He was named "Gula," an inelegant combination of letters and sounds. This, perhaps more than anything, contributed to his greatest misfortune. Gula, you see, was a gentleman. An upper class accent, always in a tuxedo, perpetually cool under fire. James Bond was his idol. And, like Mr. Bond, Gula sought to win the girl every time. The way he walked, the way he wagged his tail, all of his gestures, everything was composed to have an alluring effect on all women within a ten-mile radius. And it worked! Every single woman who would visit our house was immediately offered a martini and made to scratch behind the ear - an irresistible combination that found most of them calling

Nicholas

Gula

their husbands, explaining that they would be late for dinner.

However, it was not to be. Gula was a tragic figure in Bull Terrier history. All that charm. All that effort. Gula ended his days a virgin. But, a gentleman to the end, he did not go down without a fight, flirting with every nurse along the way.

What made life more difficult for Gula, starting about age 7, was the arrival of Nicholas. Born in Miami of unsound mind, Nicholas has the spirit of South Beach running through his system 24/7. He is one giant, fluorescent, neon sign, reading: ENERGY.

This was our first experience with more than one dog. And it came about, as one might expect, because of Gula's romantic struggles. Yearning for love, at age seven, he lay on his bed, announcing to the world he was dying. My mother, his confidant, his stenographer, his muse, was beside herself with grief. Being the good son that I am, a quick search online for "Miniature Bull Terriers" gave me Nicholas. Logic dictated that a miniature version would come with less plutonium and would thus require slightly less exercise.

Picking Nicholas up at the airport, he was indeed tiny. And charming. And toothless. My mother was in love. Gula resurrected out of sheer jealousy.

But then Nicholas grew. And grew some more. And the early hazing that Gula had imparted upon Nicholas was coming back to haunt him. Muzzles were bought. Our backyard divided.

And then, one day, my mother left on a business trip. I had never been alone with both of them. They were opposites in every way. There was a short story waiting in everything from their eating habits to the way they behaved on walks. I wanted to update my mother on the well-being of her best friends and sent text messages with short descriptions of our days.

The dogs threw a parade in my mother's honor upon her return. While being ignored, I went back to the text messages, teamed up with my very talented, artistic friend, Michael Soloviov, and created the children's book called "Brothers."

Like I said, I cannot remember exactly when I became a Bull Terrier. It is just something that happens.

Trainabull

Hi Everyone! Congratulations Bull Terrier Monthly on reaching such a prestigious milestone. I'm proud to be a part of it. Long may it continue!

Another busy month has flown by; not only is work keeping me out of mischief but I have moved house as well. My Bull Terriers thought they were on holiday at first but soon settled in and are enjoying exploring their new surroundings and greeting their new public. It has been very exhausting and stressful but so worth it.

This month I wanted to keep things a bit light, so I'm sharing a story with a happy ending. It's actually a case but different from the others in that I see the dog involved everyday and have become quite attached to her, plus the case was dealt with slightly differently. She also happens to be the litter sister of my JellybeanLollipop in a bizarre twist of fate; small world!

As always, names have been changed to protect client confidentiality and don't try this at home. If you would like my help on a 1-2-1 basis for your BT or any flavour dog with behaviour, training, clicker training or Canine First Aid courses then get in touch, I will be happy to hear from you.

Case: Spice

Jessica contacted me one day a long time ago now and we got talking about our Bullies. She had called me to help her with her three Bull Terriers while she was at work. As we talked it transpired that the female Bullie I had just adopted from Bull Terrier Welfare (Hi Joan & Louise!) was bred by her which made Jessica absolutely thrilled that she had gone to such a good home. We talked for hours and I found out loads about my Jelly and her littermates and parents. Jessica owns Jellies' mum as well as the sister, Spice.

Jessica explained a few things about Spice, which she thought prudent to share and wondered if I could help her sometime with sorting out Spice. Spice is a 4 year old brindle Bull Terrier with the most wicked glint in her eyes. Jessica is one of life's worriers and she is very particular about her dogs and found it difficult to let out all her dogs at the same time, especially Spice and her mum, Judy as Jessica found that Spice kept getting angry at Judy.

The male dog they live with Harold is the most horizontal and sweetest Bullie I have ever met in my entire life so I doubted he had anything to do with the antagonism between Spice and Judy. So I began to see these

wonderful dogs everyday and had no trouble at all with letting them all out together, much to the relief of Jessica once I persuaded her that the dogs were fine. In fact, I saw no issues at all with Spice except her room guarding and autistic tendencies. Other than that she seemed like a normal Bull Terrier which just happened to behave oddly for her human at times. I quickly became very fond of Jessica's dogs for each of their personalities and Spice I have a soft spot for, she is special (special needs, as Jessica says!).

Assesment.

After some time I agreed to have Spice for a week to assess her and give a professional opinion on her behaviour; it was causing Jessica, her partner and family a lot of concern and was getting out of hand. I realised it had got to make or break point and made an appointment to visit them out of hours to see what was distressing Jessica so badly.

As it transpired Spice did have a serious problem with guarding and apparent aggression at times, directed mainly toward her dam, Judy. Poor Judy had taken to tip toeing around Spice, Judy is a very polite girl and doesn't want any hassle. I discovered what didn't work such as tapping her

cage and what could work such as calming signals, distraction and free shaping.

Spice also suffers from Pica, this means she eats items and other things inappropriate and sometimes dangerous to her. Cardboard is her favourite. As is her bedding, moss, stones, mud... you name it she will eat it. Hoover might be a more apt

name for her. Spice had been operated on as a result a number of times and Jessica wanted her to stop eating her magazines, tissues, bills, work, the stairs, carpet, bed, bedding etc. That was relatively easy by managing the environment and counter conditioning. Spice does suffer from skin allergies (which I am semi convinced may be diet related but also blood chemical related) and as such had cost Jessica a lot of money and time at the vets.

The in house assessment went well, we loved having Spice stay and she fitted in very well. My own three Bull Terriers loved her, (the cat stayed out of the way though) and even a guest Bull Terrier which is scared of nearly everything accepted Spice and I have some brilliant pictures of all five of them going for a walk; we were stopped by many people wanting to talk about them!

She passed nearly all tests with flying colours. She did begin room guarding then bed guarding after a few days so I had a small idea of the problems Jessica had with her and wrote a worst case scenario for Jessica with the hope that Jessica would decide to keep Spice, rather than face the life I recommended; I had said Spice would be best suited to life a security dog as she had the right skills and aptitude.

Making Progress.

Well, I'm very pleased to tell you Jessica has kept Spice. Spice is

happy doing her own thing and as I said, has a form of canine autism. She does still have the same issues but they are manageable and Jessica knows how to handle her and control situations and prevents them from escalating which is crucial in dealing with a dog like this.

'You name it she will eat it!'

The only way I could help Spice from a professional point of view

is by living in with her, which is currently a bit difficult so we ruled that out. Spice even has the most expensive dog bed in the world, which is virtually indestructible-necessary for Spice, if it's survived this long it must be good!

Jessica could never part with any of her dogs and I would do anything I could to keep them with her. She is a credit to herself and her dedication has rewarded her with three wonderful Bull Terriers.

I feel blessed to see these amazing dogs everyday and both she and I are happy knowing our dogs are cared for with such unconditional love, understanding and pride. My favourite part of the day is opening Spices' bedroom door and being greeted with a noisy head-butt and she is the only dog I allow to jump on me, it's just her way of showing happiness! Then it's time for 'noms noms' as Spice calls it then Kong time!

Until next month, take care and don't forget the sun block on your Bullies' noses and ears!

Tellington *TTouch* Training®

Does Your Bull Terrier worry about being left alone - separation anxiety?

Would you like to train your Bull Terrier but he/she finds it difficult to learn?

Is your dog shy or nervous?

Is your dog ring shy, lacking confidence and that certain sparkle?

Do you have problems with grooming issues such as nail clipping?

Do you want to be closer to your Bull Terrier?

Touch is a simple, easy, effective training that improves your dog's confidence and teaches your dog to think rather than just react so training becomes easier. Your dog becomes more loving and unwanted behaviours disappear. Used extensively by top competitors and pet owners alike to keep their dogs healthy, calm and focused in the home, park and competition arena.

You can use the Tellington Ttouch whenever your dog is frightened or excited to calm them and help them cope with stressful situations.

Is your dog feeling its age?

Just a few minutes a day of Ttouch regularly can help keep your dog supple and more mobile, it can reduce the need for medication and keep them active for longer in many cases.
