Ch. Bullyview Gansta's Girl

Regent Trophy

Winner: **Ch. Bullyview Gansta's Girl**
 Runner-Up: **Ch. Bullyon Unmeasureabull**

It was an honour and a privilege to be invited by the committee of the Bull Terrier Club to judge the Regent Trophy. It was also a great pleasure to judge with my co-judge Janet Furneaux and we were both in agreement. Winner of the Regent Trophy was **CH. BULLYVIEW GANSTA'S GIRL**, an outstanding white bitch with a red head mark. She has a beautiful, power packed filled and turned head with a stunning profile. She has a lovely eye and excellent expression and a slight mouth fault. She has a beautiful neck leading on to a good front, beautiful body lines and lovely quarters. Moved well both ways. Shown and handled well.

Runner-up and BOS was **CH. BULLYON UNMEASUREABULL**, a top quality white dog, again with an outstanding head completely filled and turned, a perfect mouth, lovely eye and a lovely long reach of neck with a good front and feet. He has lovely body lines and nice quarters. I felt he was a fraction light today and just needed a few more pounds. Moved well, perhaps a little loosely behind. Expertly handled and shown.

Another one who caught my eye was a white bitch, Ch. Bullyon lmeasureabull Ness. She is an outstanding bitch with a beautiful head, who unfortunately had injured her tail and was a little bit out of sorts today. Five animals were selected from all the Trophies to go forward to the Charlie Girl Cup for Movement. They were Bilboen Xavier, Ch. Emred Devils Spy, Ch. Bilboen Xrated, Ch. Bullyview Gansta's Girl and Emred Hells Angel at Firecommand. My co-judge and I were in complete agreement as to the winner who was Ch. Emred Devils Spy who covered the ground and moved freely.

JO HYLANDS

The hospitality extended to us judges was wonderful, and the organisation of the show spot on. For me it was an honour to be invited to co-judge such a prestigious Trophy and my thanks to everyone who made this possible. An added pleasure was judging with Jo Hylands.

After much consideration we chose two quality animals, very different – but a dog is a dog, and a bitch a bitch.

Our winner **CH. BULLYVIEW GANSTA'S GIRL** is a sassy girl, fabulous head, filled completely and lovely finish, wicked expression, beautiful neck and stylish body lines, her experienced owner had her on her toes all the time.

CH. BULLYON UNMEASUREABULL I saw first as a puppy, he has now matured, today needed to carry a couple of extra pounds, but he is a lovely dog. Excellent head, wicked expression, good reach of neck, perfect bite. Well done to all the exhibitors for having their dogs presented so well, and with such good temperaments.

JANET FURNEAUX

Ormandy Jug For Dogs

Winner: **Ch. Emred Devils Spy**
 Runner-Up: **Ukusa Quagmire**

Deeply honoured to be invited to judge this Trophy with Danny McGregor. Our decisions were unanimous for the winner and runner-up.

The winner **CH. EMRED DEVILS SPY** stood out for me. What a stallion of a dog he is. Absolute positive proof they don't have to be 100 pounds to be all the Standard asks for. He is the perfect example of maximum bone and substance for size. Wonderful head that is completely filled, beautifully turned and with strength and depth right to the end of his muzzle. Keen dark well set eye and neat tidy ears right on top offering textbook expression. Minor mouth fault with two incisors you can catch a fingernail on. Lovely shoulder with visible forechest so often missing when the angles aren't right. Shapely body and beautiful well set on neck that flows smoothly into his short back. Clean straight foreleg, round bone and good feet. Can occasionally stand with one foot turned slightly. Excellent set on of hindquarters. By far the best mover, spot on going away and better than average in front. Beautifully handled, a great pleasure to have hands on this dog and award him the Dog Jug.

The runner-up, **UKUSA QUAGMIRE**, is a totally different type from the winner. An upstanding quality dog with a lovely neck and forehead with a good shoulder, upper arm and deep forechest. First class head of great length from eye to muzzle offering strength, width, depth and a sweeping unbroken profile. Correct bite. Keen dark eye giving the desired wicked expression. He moved fluidly and freely with drive albeit not as precisely up and back as the winner. His top line is

Bull Terrier Club Trophy Show

rather flat and ideally should have the desired slight rise over the loin. Overall a really eye catching attractive dog with good bone for size and much breed quality to offer. Very nicely presented.

It would be remiss not to mention the unlucky Ch. Bullyon Unmeasureabull, a formidable contender who was unfortunately lame in the morning. Heartbreaking as this completely took him out of the running. Fortunately he recovered enough by the afternoon to capture BOS in the Regent Trophy.

We chose Bilboen Xavier and Ch. Emred Devils Spy to go forward to compete in the Charlie Girl Cup for Best Mover. Was very pleased at the end of the day to see Devils Spy emerge the victor.

NORMA SMITH, Canada

I thank the committee of the Bull Terrier Club for inviting me to judge this prestigious Trophy. It was a pleasure to judge with Norma Smith from Canada; we were in complete agreement with all our placings.

Winner was **CH. EMRED DEVILS SPY**, top quality white. Strong head, completely filled with good turn down and deep muzzle. Slight mouth fault. Wicked expression. Decent front with heavy bone. Good length of neck leading into well laid shoulders. He is completely balanced with good spring of ribs, short back, well muscled with strong quarters and good angulation. Now fully mature, he is the complete package of what a Bull Terrier should be, exuding type and strength. His movement is first class, covering the ground as he goes, moving foursquare front and back and with drive.

He never stopped showing for his handler who got the most out of him. We put him forward for the Charlie Girl Cup for movement which he went onto win.

Runner-up, **UKUSA QUAGMIRE**, handsome white with sweeping profile and good fill. Correct mouth. Excellent expression with good ear and eye placement. Straight front, deep chest, short back, strong quarters and nicely balanced throughout. Moved freely. Presented in tip top condition and well handled.

Others that caught my eye were Ch. Bullyon Unmeasureabull, an upstanding white, his head is completely filled with good profile and correct mouth. Flowing body lines. Unfortunately he had hurt his leg while waiting to come into the ring but recovered later on and went on to receive BOS and runner-up in the Regent Trophy; and Ch. Gorbain Hellboy, another quality white, strong head, good mouth, well made throughout, but unfortunately would not settle for his handler. Also put forward for the Charlie Girl Cup was Bilboen Xavier.

DANNY Mcgregor

Ormandy Jug For Bitches

Winner: **Ch. Bullyview Gansta's Girl**
 Runner-Up: **Teirgwyn Miss Independent Of Mellow**

I thank the Bull Terrier Club for asking me to judge at this most prestigious of shows. It is a real honour to be asked to judge the Ormandy Bitch Jug. What a line-up of bitches, it was an absolute pleasure to go over them, all in super condition and a credit to their owners. My thanks to my co-judge Tony Kersey,

A pleasure to be part of the Bull Terrier world's great annual celebration, thank you. I thought it was a classy and very even line-up of coloureds and enjoyed sorting them out with Steve Walker. Some of the younger entrants should challenge well next year. As usual nowadays classic brindles were in short supply. Our winner was **CH. PADHEN HITMAN**, a black brindle whose great virtue is his balance and outline, super neck and shoulders into shortest of backs, quality head with good profile, adequate bone, excellent topline and tailset, moves well in front, slightly close behind. The effort that has gone into the training, conditioning and presentation of this dog should be an example to everyone.

I was also impressed with Bilboen Xavier, a red with wonderful bone and substance and a very positive attitude, strong head and absolutely sound. With a better bite might have challenged hard. For me three bitches were in contention. Spartiate Pandora is a big black brindle, another to excel in bone and substance, power packed head to match, a very impressive young lady. Hope her handler can persuade her to use herself more on the move, am sure she could stride out with a bit more panache which could make all the difference. In a more feminine mode were Ch. Bilboen Xrated and **TEIRGWYN MISS INDEPENDANT OF MEILOW**, two classy, quality headed girls with little to divide them. The red had the edge on rear movement while the tri is a great showgirl scoring on expression and coat. Although she could be a shade shorter she holds herself together well on the move and has a super clean neck and shoulder line. We agreed she should be BOS. The two best movers were the Bilboen littermates, congratulations to this breeder whose dogs have so often excelled in this aspect.

SIMON PARSONS

International Trophy

Winner: **Heaven White Himalaya's Snow Mountain**
 BOS: **Cosmopolitan Space Oddity Moonflower**

I thank the committee of the Bull Terrier Club for inviting me to judge the International Trophy. This is the pinnacle of the Bull Terrier show calendar. My co-judge Maureen Hughes and I were in full agreement with our decisions and it was a pleasure to judge with her. I would also like to thank the International exhibitors for their entries.

Winner of the International Trophy, the Bronze Bull Terrier Head, was **HEAVEN WHITE HIMALAYA'S SNOW MOUNTAIN**, a very well put together bitch who stood four square with a long well filled head, correct ear placement, deep set eye, a correct bite, deep chest, well boned straight front, tight cat feet, excellent rib, well muscled back end, moved with drive and purpose. Showed excellently.

Terjos Trophy for BOS, **COSMOPOLITAN SPACE ODDITY MOONFLOWER**, a very animated dog full of ring presence. Well muscled hard fit dog. A clean well shaped head with good turn and finish. Well placed ears, excellent bite with correct placed canines. Good reach of neck, level topline, correct tail placement. Well muscled fit body with excellent coat. Moved with drive and handled well.

BILL BLACKER

I thank the Bull Terrier Club committee for giving me the honour of judging the International Trophy. I thoroughly enjoyed judging with Bill Blacker and we were in complete agreement.

Our winner was **HEAVEN WHITE HIMALAYA'S SNOW MOUNTAIN**, from France. A beautiful substantial white bitch who combined power with femininity. Oozes bone and substance while still keeping that femininity. Well filled head with super sweeping profile. Well placed eyes with a really good expression. Used her ears well, mouth perfect with a deep underjaw. Gun-barrel chest with straight front into tight feet. Short coupled with elegant neck into well laid shoulder. Good spring of ribs, level topline. Strong muscular quarters with good second thigh and nice bend of stifle. Moved well coming and OK behind and with substantial drive. Very pleased to award her the International Trophy.

BOS, **COSMOPOLITAN SPACE ODDITY MOONFLOWER**, from Hungary. Very handsome white masculine dog who pushed the bitch hard for the top honour. Super head with plenty of fill and downface. Loved his expression. Ears bang on top, correct mouth with plenty of underjaw. Deep chest with straight front and round bone throughout. Tight cat feet. Short coupled with super topline and tail carriage. Muscular thighs with good bend of stifle. Moved well with drive. A close decision going to the bitch who I felt had that little extra star appeal.

MAUREEN E HUGHES
