

# As Seen By The Judges

## Driffield Championship Show September 22<sup>nd</sup>, 2012 Judge: Mr Keith Goodwin

### BEST OF BREED: **Romantic Lady Timar**

Dog CC: **Bullyview Mobsta**  
Dog Reserve CC: **Jessajack Blazin Inferno**  
Bitch CC: **Romantic Lady Timar**  
Bitch Reserve CC: **Tulsadoom Terry's All Gold**  
Best Puppy: **Teirwgwyn Miss Independant Of Meilow**

Must say right off how very pleased with the overall quality of the exhibits I was though a tad disappointed that mouth faults don't seem to have moved on, maybe continued use of studs and dams with length of foreface and width of muzzle will help. Movement as is always was good, bad and indifferent, however I'm sure the length of grass and surface didn't help the exhibits or handlers so I allowed accordingly. The ring size was good allowing space and room for movement.

In males I like and look for masculinity, in bitches femininity, in both without exaggeration. In bitches there were many quality exhibits who missed out over minor issues and may well in the future have their day.

### Dog CC

DCC was Young's white, **Bullyview Mobsta**, here was a masculine Bull Terrier showing maturity way above his tender age of just over 12 months, head is filled with good length to foreface which has width and a gentle curve to profile and good strong underjaw, keen expression, neck is long and strong and tapers from shoulders to head, shoulder angulation is correct and they are well set to tuck close on the ribs and under to a straight front, a heavy but fit short coupled body to a well muscled rear which has good angulation that drives him along with power. I moved him on a loose lead which showed he moved fairly parallel with his front tucked under, stands on good feet, the picture is completed by strong round bone, excelling in type.

### Dog Reserve CC

RDCC, Griffiths' white, **Jessajack Blazin Inferno**, mature masculine male of many virtues, admittedly he would benefit from more fill and profile, however his skull is large and deep enough, a long neck which needs strimming out to lessen the impression of stiffness, shoulder angulation is correct making the elbows fit tightly to and under the ribcage, his front is straight with super bone, short coupled, more than adequate powerful rear angulation drives him well, feet are tight, took the RCC on his perfect dentition and overall stature.

### Bitch CC & Best Of Breed

BCC and BOB, Jastrzebska's white, **Romantic Lady Timar**, stunning example of a female Bull Terrier, a feminine version of the male, just a tad less in all aspects, head is long strong with a gentle curve to profile, width of muzzle along with a strong underjaw emphasises type to perfection, a long strong tapering neck to the best of shoulder angulation, elbows are tucked well under, shapely body that has tuck up and is well coupled to her rear which is well angulated, very clean lined in profile, more than adequate in bone and stands on tight feet, moved with drive but not so parallel as the male.

### Bitch Reserve CC

RBCC, Brown's white, **Tulsadoom Terry's All Gold**, strong white with a power-packed head filled up to overflowing and strong underjaw. Earset lets her down in expression. However there is no denying her type, a long clean lined neck to well laid and angulated shoulders that are set to a good straight tucked under front, heavy set body has tuck up and is short coupled, tailset could be a tad lower, powerful first and second thighs sit on a well angled rear, strong round bone and good tight feet complete the picture.

### Minor Puppy Dog (0 Entries)

### Puppy Dog (0 Entries)

### Junior Dog (7 Entries)

1. Young's **Bullyview Mobsta**.
1. **Dog CC** - See Above
2. McDermid's **Padhen Hitman**. B/br of virtue whose time may well come with maturity, make and shape good, head shape had type being filled, a gentle not over-cooked profile, expression was keen, neck is clean lined with length, shoulders well placed onto a straight front, short backed and coupled well. Would have liked more in quarters but angulation was good enough. Moved better in rear than front which was choppy and wide, perhaps the fault of the surface.
3. Travis' **Vetsbullies Hot Potootie**.

### Yearling Dog (0 Entries)

### Post Graduate Dog (1 Entry, 1 Absent)

### Limit Dog (4 Entries)

1. Seward's **Padhen The Puzzler**. Strong headed brindle of substance and well made, head is filled up to over-flowing with a gentle profile that has perhaps a touch to much finish, strong long neck which is clean lined to well set and angulated shoulders, front is straight, short backed and has substance in proportion to size, i.e. just right, powerful strong rear which is angulated correctly, contender for RCC.
2. Atkins' **Hentarw Executive Decision**. Tri of many virtues, lacks a bit in

masculinity and body tone. Head shape of very good type, long filled with a gentle profile, good expression for a coloured, neck is long and clean cut, well set shoulders sit easily on a good straight front, elbows tucked under, shapely body coupled to well angulated rear, quarters are large but lack in tone. Very clean lined.

3. Gardner's **Javarke Sharp Shooter**.

### Open Dog (2 Entries)

1. Griffiths' **Jessajack Blazin Inferno**.
- Dog Reserve CC** - See Above
2. Gates & Newberry's **Hells Boy By Ukusa**.

Red, much to like here, a long head with a gentle profile and black mask gives off a great expression, head is long with fill, just enough finish and his ears on top, neck is clean lined, shoulders are set well on a front that is straight but turns his feet slightly, perhaps the surface/grass, body is deep with depth of brisket with a good chest (bow window as I call it) could be perhaps coupled a bit shorter however, maturity will help, I felt a few pounds on may well have helped here, well angulated rear which is powerful, stands on decent feet and excels in bone, moved better in front than rear.

Both puppy girls show promise and just need time and maturity to progress.

### Minor Puppy Bitch (1 Entry)

1. Grieves' **Teirwgwyn Miss Independence**.

### Best Puppy

Tri, very promising, head is feminine with a keen expression, filled up ears on top, enough underjaw, her long neck sits on shoulders that are well angulated to a straight front, bodylines are clean cut and short coupled, rear angulation is not over or under angulated.

### Puppy Bitch (1 Entry)

1. Turner's **White Girl Bayshuck Honey Suckle**.

Well made of promise, head type is correct, filled and with a keen expression, long with a gentle profile, clean cut long neck sits well to shoulders which are well laid to a straight front that is tucked under, clean cut bodylines, short backed, enough rear of good angulation.

### Junior Bitch (5 Entries)

1. Galla's **Vetsbullies Happiness**. Eye-catching red girl of excellent make and shape, classical head shape, long and strong with fill, ears on top, strong underjaw and keen expression, length of neck, shoulders and straight front were of the highest order, shapely well coupled body to a powerful well angulated rear, stands on good feet. A serious contender, however let down by a dentition issue against high quality competition.
2. Ley & Broomfield's **Fortifier's Flametta**. Petite red that has much to say for

herself, strong well filled head that has profile with strength of underjaw, expression was good enough, strong neck to well laid shoulders and front tucked under, body which is short, substantial and coupled well to a well angulated and muscled rear, moved OK. Will present better at an indoor venue.

3. Fox's **Danbull Cauzin Chaos At Kraydebull**.

### Yearling Bitch (2 Entries)

1. Nisbet's **Nosremme Panda One Star At Serenbull**.

Tri of good make and shape, head is of good type, filled up, not over-cooked in profile just nice, shoulders well laid, front is straight, shapely body and well angulated rear, good feet, good honest girl with good type.

### Post Graduate Bitch (3 Entries)

1. Brown's **Tulsadoom Terry's All Gold**.

### Bitch Reserve CC - See Above

2. Catalina's **Ice Satin Desire**.

Very correct white with a lot to say for herself, smaller in stature than 1, felt her head to be of good type giving of a keen expression, long strong neck, well laid shoulders, elbows tucked under a good straight front, shapely body to a hard muscled well angulated rear, excelling in animation that showed all her attributes off to best advantage.

3. Marsdon's **Tulsadoom Powder Monkey**.

### Limit Bitch (1 Entry)

1. L'homme's **Goodbye To Helen Wheels**.

Repeating myself but much to like here, bone, substance, good bite and expression, head is long filled, ears on top and adequate underjaw, neck to correctly angulated shoulders, front tucked under, mature short coupled body, rear angulation is well bent.

### Open Bitch (4 Entries)

1. Jastrzebska's **Romantic Lady Timar**.

### Bitch CC & BOB - See Above

2. Tinkler's **Danbull Devoted**.

Stunning head to this white that gives of great breed type, she has fill to die for, a long gentle profile, glint in her eye, ears on top, width of skull, muzzle power and good underjaw, neck is long and clean cut, front is straight, shapely well coupled body to a rear that is well angulated and muscled. Here I felt she could have had a bit more shoulder angulation, that affected her topline, in movement her front was better than her rear action, nonetheless a quality girl.

3. Williams' **Bobuddy Evanesence**.
