

As Seen By The Judges

South Eastern Counties Bull Terrier Club Open Show June 8th, 2013 Judge: Steve Paterson (Golitha)

I would like to thank the committee of the South Eastern Counties B.T.C. for inviting me to judge at their Summer Open Show. The hospitality and organisation was exemplary. I thoroughly enjoyed my day.

A big thank you to the exhibitors for allowing me the privilege of going over their exhibits. Also a big well done to all who took part in the unexpected search and rescue event that resulted in the safe return of a missing child?

I would also like to thank my Co-judge for BIS Miss Amanda Dance (Decadance) Miniature Bull Terrier Judge. We were in complete agreement for BIS and RBIS Karmara's Rumour Has It and RBIS Bilboen Your Eyes Only.

Special Beginners Dog (1 Entry, 0 Absent)

1. Tudor's **Ukusa Fire Demon**.
20 month old red and white dog, gentle curving profile, all be it a tad browy, would prefer more fill and width of muzzle, ear-set a bit low, mouth just under, good length of neck, reasonable front and topline, nice tight feet, angulation in rear quarters could be better, moved better in front than behind. Well handled.

1. Hilling's **Chardaice Fist Of Fury**.
11 month old brindle and white dog, beautiful sweeping head well filled and gently curved with a good roman finish, mouth just off, well placed oblique eye and correct ear carriage. Good straight front with tight feet. Nice reach of neck and lay of shoulder, leading to a good topline and short strong back, good rear quarters and tail-set. Moved well coming, a tad close going. Shown and presented well.

2. Karta-Williams' **Karmara Public Enemy**.

11 month old white dog with black head mark, different type to one, wide and filled head with strong underjaw, would prefer slightly more in profile, small dark well placed eye, ears a bit large, good expression, mouth just under, strong neck, decent front, untidy feet, slightly long in body, would prefer better angulated rear quarters, moved good in front a little close and choppy behind. Well handled.

Handsome 20 month old white dog with brindle ear mark, excellent power packed head with width and fill in abundance, unfortunately mouth undershot. Wicked eye and expression, strong neck, good shoulders, good spring of rib, level topline, strong rear quarters with good angulation which was reflected in his movement, moved well both ways. Well presented and handled.

2. Moore's **Charming King**.

2½ year old brindle and white dog, not the head quality of one being a little browy and narrower in muzzle, mouth level, neat ears, straight front and cat like feet, short coupled, a little straight in stifle which was reflected in his movement, good at the front, but lacked power and drive behind.

Post Graduate Dog (4 Entries, 0 Absent)

1. Malden's **Louka Kolor Koded**.
Almost 2 year old black brindle and white, with a half white head, rather plain in head being a tad browy, good eye and ear placement, a little loose at the elbow and short in upper arm, would prefer a better lay of shoulder, adequate bone for size, topline level stood still, but lost on the move, slightly long cast, moved better going than coming. Handler got the best out of him.

2. Keenor's **Bobuddy Fuegos Fusilier**.

2 year 10 month well marked brindle and white, substantial dog who would benefit for losing a few pounds. Good profile enough width and fill, would prefer ears more on top, good front, feet could be tighter, good bend of stifle, movement OK in front, a bit close behind. Well handled.

3. Smith's **Romagna Mystic Eye**.

Limit Dog (2 Entries, 0 Absent)

1. Foster's **Bilboen Your Eyes Only**.
Best Dog, Best Opposite Sex & Reserve Best In Show

15 month old white dog with black brindle ear. Took my eye as soon as he came in the ring. Compact dog with enough bone and substance, stonking head, wide and completely filled with a stunning expression, ears small neat and bang on top, correct mouth, good reach of neck, front a tad loose but has time on his side and should tighten as he matures, short coupled with strong rear quarters that he used to full advantage on the move, drives with purpose. To be picky I'd prefer a lower tail set. Expertly handled. A pleasure to award him BD, BOS, RBIS.

2. Pickering's **Ukusa Kaos De Peracho**.
2½ year old white dog with black brindle head marks. Upstanding dog, head has enough width and fill, but would prefer a little more profile, mouth OK, again front could be tighter, short enough coupled, good tail set although a little straight

in stifle which was reflected in his movement. Well presented and handled.

Well balanced girl a bit plain in head, lacked width and fill, mouth level, good front and tight feet, short coupled with a good bend of stifle, tail never stopped wagging, moved reasonably well. Handler did a great job reassuring her, she enjoyed her day out and it was a pleasure to go over her.

Mature body that has depth and spring of rib, good tuck up, strong well developed rear quarters, would have liked a little more angulation, moved well in front, a little close behind and would have preferred more drive, should improve with age. Expertly handled and shown in sparkling condition, a quality show girl with a promising future. A pleasure to award her BIS, BB, BP.

2. Keenor's **Bobuddy Tears Of Rage**.

6 month old bitch, gentle in profile with a wicked eye and neat ears, adequate fill through the muzzle, good expression, a bit loose at the elbow, but is only a baby and has ample time on her side, rear quarters well developed for one so young, movement a bit erratic, well handled and presented.

3 year old tri-colour bitch, compact girl with pleasing head well filled and turned, keen expression, scissors bite with one tight canine, would prefer a better lay of shoulder and more upper arm, short coupled, well angulated rear quarters, moved better in rear than in front. Well handled and presented.

11 month old white bitch with unfortunate mismarks on base of tail and croup. An upstanding elegant bitch with a sweeping profile and Roman finish, well placed dark piercing eye, ears bang on top and used well, wicked expression, mouth incorrect, good reach of neck leading to good front and compact tight feet. Almost 2 year old white bitch, plain in head being a tad browy, enough width and fill, good eye and ear placement, adequate bone for size, a bit short in upper arm and would prefer a better lay of shoulder, topline level stood still, but lost on the move, slightly long cast and would prefer a lower tail-set, moved better going than coming.
