I must say a big thank you to the committee and stewards for a well organised and enjoyable day and also to everyone who entered this Show.

**Veteran Dog or Bitch** (4 Entries, 1 Absent)

1. Haase's **Bavazuela Ingemar Joh**. 9½ year old all white male who is in fantastic condition for his age. He has plenty of bone with tight feet, good topline and moved really well considering his age. He is a credit to his owner who handled him really well.

2. Brailsford's **Benjip Black Magic At Kearby**.

9 year old well marked black brindle and white. Her head is well filled with good profile but has lost some teeth. She still has good body lines and neat feet. Well handled.

3. Cox's **Gregbar Mercury Rising**.

**Puppy Dog** (6 Entries, 1 Absent)

1. Westwood's **Broken Arrow's Peaky Blinder At Tulsadoom**.

Well marked super 8 month old brindle and white who has an excellent head both in fill and profile with a perfect mouth. He has good substance with flowing body lines, straight front and tight feet. Moved really well in both directions and showed really well for his handler.

2. Howes & Sheppard's **Polanca Powerslave**.

Another beautiful well marked brindle and white who is only just 6 months old. He has the neatest feet I have seen for a long time which leads into a straight front and he has plenty of bone. His head has good fill and plenty of profile and a correct mouth. His body lines are good especially at this young age and moves with plenty of drive. He only lost out to first on maturity but both of these two I am sure will do well in the show ring.

3. Bunce's **Rubbise It's**

**Complicated**.

4. Mitchell's **Ukusa Victorious At Mitchstowe**.

5. Telford's **Koellen Travelling Show Man**.

Substantial masculine 11 month old white who has two black ears. His head is has lots of fill with excellent profile, neat ears and good eye. He has plenty of substance but not fat with excellent flowing lines and well constructed for one so young. Short back, well bent stifles and level top line which he holds on the move. When he moves he covers the ground with ease really striding out and driving and a pleasure to watch. He showed really well for his experienced handler and was surprised to hear this was his first show.

2. Samson's **Koellen Cuban Gold**.

Well marked 7 month old red and white who is still a baby to look at. He has good flowing lines and well put together, when he settled moved well but just needs time to mature.
