I was very pleased and honoured to be asked to judge for the Bull Terrier Club of Wales, thanks to the committee for a well run and enjoyable show, lunch was delicious! My heartfelt appreciation must go to the exhibitors who brought a quality entry for me to go over, I am very grateful for your support. I thoroughly enjoyed my day.

Puppy Dog (4 Entries, 2 Absent)
1. Potter's **Fashionable Chap By Topfuel**.

Best Puppy, Best Dog, Best Of Breed & Best In Show

1 1/2 months well marked red and white quality male, very mature and balanced for age, super tpy mid-sized dog with bags of bone and substance, good mouth, excellent expression from tiny eye and well placed ears. Power-packed wide head, completely filled up, not a hollow in sight, with good profile. Good length of neck into well developed forechest, stands on excellent feet. Shoulder fair, would prefer a shade more length of upper arm, topline just holds on the move, lovely rounded ribcage, short in back with well muscled and angulated rear, tail well set but carried high in typical puppy fashion. This dog makes you almost forget he's younger than 12 months. Movement is good, driving along strongly from behind and reaching out fairly well in front, would like to see him less restricted to really get him striding out. Shown expertly in excellent condition, simply could not be denied on the day, one to watch.

2. Waycott's **Waybully Andromeda**. 9 months old white of different type to 1st. Less mature all round with more daylight under him, strong head with enough profile, excellent finish though slightly browy, enough fill, excellent expression, good ear set, incisors good, one canine in, one tight. Good length of neck into fair sized chest, good bone for size leading to tight feet, shoulder fair, topline good, needs to body up but will come with age. Looks a little long at this stage but again with more maturity this would lessen. Rear is well angulated giving good movement from the back. All round an honest dog that just needs time, coat was a little out of condition today.

Junior Dog (3 Entries, 0 Absent)
1. Emmett's **Brookbully Avenger**.
Reserve Best Dog
17 month white with red ear, super tpy, compact male, beautiful head, completely filled with sweeping profile and good finish, excellent expression from wicked eye and

good ear placement, mouth OK. Not a large framed dog but he owns his space, lovely bone down to tight cat feet, enough length of neck into fairly well laid shoulder, good forechest. Short in back with a good topline, nicely rounded ribcage, rear nicely angulated, needs to drive more from the rear on the move, tail set on well but held high. Shown very well as he can give his handler a hard time, if this quality boy stands up and shows himself he is a picture, I have admired him from ringside all year.

2. Karta-Williams' Briden Fun Lovin' Criminal At Karmara.

12 month upstanding white with brindle eye patch, large framed boy, good mouth, long strong head with typical profile, would prefer a tad more fill, ears bang on top, excellent eye, good depth of under jaw. Lovely reach of neck into beautiful straight front and good forechest, shoulder could be a little better laid back, short in back with excellent tail set, rear angulation fair for size. Enough bone and very good feet, a little loose on the move, he needs time to mature on into his frame and tighten all over being just out of puppy. Handled very well and shown in excellent condition.

Post Graduate Dog (1 Entry, 1 Absent)

Limit Dog (1 Entry, 1 Absent)

Open Dog (2 Entries, 0 Absent)

1. Smalley's Briden Backchat.

3 year old fully mature white male with black ear mark, exudes type and balance, punishing expression with the wickedest oblique eye, ears bang on top and used all the time, mouth incorrect. Beautifully filled and power-packed head, smooth in profile and with good finish, good reach of neck into well developed forechest and straight front, short in back and nicely rounded ribcage, enough bone for type. This corky dog throws a lovely outline, front on he is simply a picture. Tail set on well and nicely angulated rear, elbows a tad loose on the move, would prefer a half inch on the upper arm. Very well handled and in pristine condition, pushed hard for Reserve Best Dog, tough decision between the two.

2. Emmett's Imperials Kiss My Attitude.

2 year old heavyweight well marked red and white, fully mature and exuding in bone and substance. Lovely long strong head with good eye and ear, level mouth, would like a little more fill under the eye. Good length of neck into beautifully developed forechest, good shoulder, well sprung ribcage and straight front, feet a little untidy, short backed and a well muscled rear. Good tail set, would benefit from a little more length of foreleg, topline and elbows suffer as a result. Moved fair from the rear but needs to drive more down the mat, shown well by his handler, a well travelled boy who was bred in the USA.

Veteran Dog or Bitch (1 Entry, 0 Absent)

1. Godsall's Terjos Blue Moon Over Neverland.

7 year old solid brindle bitch, classically feminine girl in excellent condition, lovely mouth, long head with sweeping profile and good finish, lacks a tad under the eye. Excellent ear set and used all the time, good eye gives typical expression, beautiful length of neck into nicely developed forechest, enough bone for size and type. Elegant show girl who has not forgotten her job, well made body lines just a little loose now with age, tail set on and carried correctly. Moved steadily down the mat, a little close behind, really good to see her in the ring again, shown very well and at one with her handler.

Puppy Bitch (5 Entries, 2 Absent)

1. Waycott's Waybully Bliss.

10 month old red and white, fairly well balanced for her age, nice length of head with good finish, would prefer more fill all through the foreface. Good depth of under jaw, incisors good but one canine in and one a little tight, good eye and ear giving typical expression, good length of neck into well developed forechest, enough bone for size, straight front and neat feet. Moderate length of back, would benefit from an inch on her length of leg, enough angulation to the rear, moved OK in front but close behind, showed really well.

2. Wright's Star Venture At Rightstuff.

Typy 8 month old well marked black brindle and white, lovely long head with good finish, one tight canine, powerful head with profile, bags of fill, good depth of under jaw, excellent eye and ear showing typical expression. Elegant neck into good forechest and straight front, good bone, feet could be tidier, well bodied up, short in back, correct tail set, rear is nicely angulated. I liked this puppy but she made it so very hard to assess her in the class, only when I was critiquing her did she really stand up and show herself, I am sure she will settle in time.

3. John's Kenquince Summer Scoop.

Junior Bitch (1 Entry, 0 Absent)

1. Shearan's Brangusbulls Preta Tuli.

Just 12 months rich brindle and white, long strong head with good mouth, excellent eye and ear, good expression. Good bone and tight feet, well developed bodylines, good reach of neck and mature chest, short in back, straight front and well angled rear. Shown in good condition, moved OK both ways, handler and dog just need to practice and maybe attend a ring craft class to make the best of this quality girl.

Post Graduate Bitch (5 Entries, 5 Absent)

Limit Bitch (5 Entries, 2 Absent)

1. Godsall's Ukusa Jezebel To Neverland.

Best Bitch, Best Opposite Sex & Reserve Best In Show

20 months well marked brindle and white bitch, upstanding with a very large frame to fill, a handful to show and her handler really worked to get the best of her - successfully. Excellent length of head, perfect mouth, good finish, enough profile, would like a tad more fill and depth to complete the picture. Very good eye giving expression, ears fair, the most elegant of necks into a beautifully mature, deep forechest, dead straight in front, sufficient bone, good tidy feet, short enough in back for her size, she has taken a while to mature into that big frame but is now doing just that. Rear is well angulated and muscled, excellent tail set, this girl can move like a train, true both ways, not something seen very often, she covers the ground with ease and completely parallel. She is one you need to go over to truly appreciate her many virtues and qualities, happy to award her BB, BOS, RBIS.

2. Thomas' Bronygarn Bobby's Girl At Mostahbull.

Reserve Best Bitch

3 year old heavyweight bull type white bitch with black ears. Excellent, completely packed head with a good mouth, tiny eye and ears on top give this girl a wicked expression, she exudes power, bone and substance, short in back, very mature all through, gun barrel chest, beautiful conditioning, good tail set, well muscled rear. A little loose in elbow which shows in her front movement where she toes in, a bit of extra length on upper arm would be of benefit to both this and her topline. It is a pleasure to see a bitch like this with such bull type power all through and I have long admired her. Handled very well.

3. Waycott's Ukusa Rhapsody For Waybully SCHM.

See Limit Bitch

2. Smalley's Briden Summer Breeze.

3 year old fully mature quality white bitch with black brindle head marks. Strong well filled head, one canine in, excellent eye and ear, classical sweeping profile with finish and good depth of under jaw, a powerful bitch all through in a square package but would prefer an inch on the reach of neck. Beautiful gun barrel chest, straight front, feet could be tidier, ample bone, short backed, excellent depth of ribcage, good topline, correct tail set, well muscled rear with enough bend of stifle, moved well both ways, expertly handled and shown in good condition.

3. L'Homme's Goodbye To Helen Wheels At Kaiserbull.

4. Blakeley's Dakzin Devotion.

5. Waycott's Ukusa Rhapsody For Waybully SCHM.
