City Of Birmingham Championship Show September 5th, 2015 Judge: Mr A. Brace

Dog CC & BOB:
**Cosmopolitan Space Oddity
Moonflower**

Reserve Dog CC: **Urbanbully Lockdown**

Bitch CC:

Javarke Scarlet Moon Over Busell

Reserve Bitch CC:

Wonderful Wanda Timar

Best Puppy: **Waybully Andromeda**

Puppy Dog (2 Entries, 0 Absent)

1. Waycott's **Waybully Andromeda**.

Best Puppy

10 months white of quality, balanced head with smooth profile but could have a little more fill under the eyes. Perfect bite, well boned, feet could be tighter, excellent balance of outline and already well ribbed, excellent angulation fore and aft, firm level topline and in hard condition. Goes away true with drive, needs to tighten a little in front but has smooth ground covering profile action. Throws out a wonderful silhouette.

2. Mitchell's **Beebeemi Grandmaster Flash**.

8 months red in beautiful condition, very pleasing head, well filled with good down face and typical expression. Excellent mouth, strong bone but a little weak in pastern and feet could be tighter. Very well proportioned body, nicely ribbed, not quite as settled in topline as 1 but moved very well behind though rather loose in front.

Junior Dog (4 Entries, 2 Absent)

1. Jastrzebska's **Zappy Zack Timar**.

15 months brindle with stallion qualities, classical headpiece so smoothly contoured and well filled with typical expression, dentition could be a little more perfect, excellent development of forechest, enough bone, feet could be neater but really well ribbed with moderate angles front and back. In rock hard condition, he drove away true behind, covered the ground with scope and stride but can tighten in front and firm up in topline.

2. Emmett's **Brookbully Avenger**.

16 months white, more compact than 1 with quality head, wicked eye but again slightly imperfect dentition though the bite is acceptable. Solid body, not the angulation of 1 in front or behind which reflected in his movement that was rather lacking in stride and scope. Like 1 very well muscled and he too can tighten in front.

Graduate Dog (2 Entries, 0 Absent)

1. Sheppard & Howes' **Polanca Powerslave**.

Masculine brindle with pleasing head having good sweep and fill, expressive eye and perfect bite, powerful bone, quite good feet, well balanced outline, firm topline but could have a little more rear angulation. Goes a little close behind and wide in front but has a nicely coordinated profile that opens up well though he carries his tail rather high.

2. Karta-Williams' **Keep The Faith Of The Fourhorsemen At Karmara**.

White of pleasing overall type, strong head which could be a little drier and he has a typical eye and correct bite. Strong bone but feet rather broken down, well ribbed, needs more angulation front and back and tends to break in topline. Could be truer up and down and didn't have the scope of 1 in profile.

Post Graduate Dog (6 Entries, 2 Absent)

1. Pickering's **Urbanbully Lockdown**.

Reserve Dog CC

White yearling of quality, decent head that could still have a little more finish of foreface, perfect bite, clean powerful neck, good angulation fore and aft but needs to develop in second thigh. Well filled forechest, reasonable feet, nicely ribbed with firm backline but tail a fraction low set. Moves true behind, a little wide in front but has a very smooth and easy way of going in profile, outgoing but sensible character well handled and schooled. Liked him sufficiently to award him the RDCC.

2. Moore's **Charming King**.

Fully mature brindle, not the biggest but so well balanced. Very much on his toes but still well controlled, a little plainer in head than 1 with weaker foreface and less fill but his bite is perfect. Good bone and feet, optimum angles fore and aft with solid topline and well sprung ribs, movement up and down leaves little to be improved.

3. Heard's **Shacadia's Black Mamba At Louwab**.

4. Fletcher's **Indelbull Inkreadible**.

Limit Dog (3 Entries, 1 Absent)

1. Dyson's **Gorbain Hellraiser Tawnbarr**.

Light brindle of excellent overall type and shape, well balanced outline, alert and confident, very pleasing head with excellent ear placement and carriage, good enough sweep and fill and perfect bite. Strong bone but poor feet which are not helped by long nails, good neck and topline, very well ribbed, moderate angulation throughout and his tail never stops. Free and easy roomy profile movement, goes away adequately but disappointingly wide in front.

2. Pullen's **Louka Gone Racin'**.

Tricolour in excellent condition, head profile pleases but could have a more typically shaped eye and better fill though he has an excellent mouth. Well boned, much better feet than 1 but he too could benefit from a manicure, well ribbed, could have a little more angulation front and back, moves adequately behind but rather wide in front.

Open Dog (4 Entries, 1 Absent)

1. Sineri's **Cosmopolitan Space Oddity Moonflower**.

Dog CC & Best Of Breed

Powerful white with lots of attitude and character but well controlled, balanced smoothly contoured head with perfect bite and very striking profile, well filled front, quality bone, good enough feet, well ribbed and coupled with firm topline and plenty of rear angulation. Goes away true, comes on a little wide but

he really powers around using his well muscled hindquarters to advantage, in gleaming condition.

2. Mathison's **Ch. Blazinbullys Dark Knight**.

Tricolour who at first glance looked like he could well be the winner as when he posed he looked like a piece of porcelain. Excellent head type, mean eye, perfect bite, beautifully balanced outline with substance yet quality, well boned, not the feet of 1 and he moved much wider in front, though he held himself very well on the go around.

3. Westwood's **Broken Arrow's Peaky Blinder At Tulsadoom**.

Puppy Bitch (3 Entries, 0 Absent)

1. Heath & Morris' **Bluepoint Kittihawk**.

10 months white full of quality but also full of mischief, which always appeals to me in puppies, medium size with classy head, typical yet feminine with wicked eye and perfect bite though she could have a little more finish of foreface. Already well filled forechest, quality bone, decent feet, very clean outline with strong yet elegant neck, superb angulation front and back and she is well ribbed. Could be a little truer up and down but in profile she looked a picture - when she actually settled. Tail carriage a little high.

2. Waycott's **Waybully Bliss**.

Red and white also 10 months and a good basic type but not the intense quality of 1, quite pleasing head with typical profile, ample bone, feet rather open, nicely ribbed and beautifully conditioned, not quite the rear angulation of 1 and moves better behind than in front.

3. Turner's **Bluepoint Night Owl Of Saintbull**.

Junior Bitch (4 Entries, 2 Absent)

1. Williams & Hawksford's **Javarke Scarlet Moon Over Busell**.

Bitch CC

16 months red and white in spanking condition, lots of substance but she still has a feminine quality. Beautiful head with well placed ears, smoothly contoured profile, good sweep and fill and perfect bite, strong bone, feet rather open, great spring of rib, firm backline, optimum angles front and back, drives well behind, rather wide in front but has very impressive profile. Has so much type and quality, in the challenge she filled my eye more than any other bitch so won the CC at what was amazingly her first show.

2. Wannop's **Charishalee Mirror Image**.

15 months white, smaller framed bitch than 1 and carrying too much weight which throws her out of balance. Very appealing head type, perfect bite, well filled front, strong bone but very poor feet, basic construction and angulation are impressive, she is well ribbed with a firm level topline, moves reasonably going away but worryingly wide in front.

Graduate Bitch (2 Entries, 1 Absent)

1. Hickman's **Quentinhill Hell's Spell For Bullambi**.

White of excellent type, could have a slightly better defined arc in profile but pleases in eye, is quite well filled and has a perfect bite. Very well filled front,

smooth bone, slightly open feet, well proportioned body but needs more angulation front and back, moves away dead true, a little generous coming on.

Post Graduate Bitch (3 Entries, 1 Absent)

1. Woodward's **Gorbain Diamond Diva**. Substantial white of excellent type all through but could carry a little less weight to advantage and her coat could have been in better nick. Grand head and expression with masses of fill and impressive profile, decent bite if dentition could be tidier, quality bone, feet could be tighter, great rib, moderate angles front and back, moves better behind than in front.

2. Mills' **Miinroc Envy Me**.

Lighter framed red of quality and in beautiful condition, feminine head but preferred the ears and fill of 1, balanced outline, well filled front, quite good feet, goes well behind but rather generously in front, looks the part going around.

Limit Bitch (4 Entries, 2 Absent)

1. Jastrzebska's **Wonderful Wanda Timar**.

Reserve Bitch CC

Well conditioned white who has lots of type and plenty of quality. Head profile pleases in its earset and down face but she could be cleaner lipped, almost perfect dentition, clean powerful neck, quality bone and some of the best feet I saw all day, correctly balanced outline, big ribs, optimum angulation and a respectable mover up and down with very free and open profile.

2. Bloom's **Abenaki Romantic Destiny**.

More bully than 1 but this white didn't please as much in head and expression, ears could be better, excellent bite, well ribbed and boned but rather open feet, good angulation front and back, not quite as steady moving as 1.

Open Bitch (8 Entries, 3 Absent)

Very difficult class which boiled down to a battle between two quite different whites.

1. Hicks' **Bullyon Love Unmeasured For Crisalia**.

Substantial white with lots of type about her, basically good head type but profile could be more classical, correct bite, powerful neck, strong bone, feet could be better, well sprung ribs, correctly angled front and back, moved well around but rather wide in front.

2. Newberry's **Ukusa Metamorphosis**.

Younger and more elegant for want of a better word, beautiful head with glorious down face, wicked eye, good bite and the cleanest of well arched necks, nose not fully pigmented, excellent bone and feet, construction is essentially first class with fabulous angulation but her lack of maturity shows when she strings out and breaks in topline on the move. At 18 months still has the potential to develop into something quite special.

3. McCann's **Ukusa Vegas At Diton**.

4. Karta-Williams' **Karmara's Rumour Has It**.

5. O'Neill's **Khlolander Tropicana At Abenaki**.
